ACKNOWLEDGEMENT

‘Dream’ is not the thing that we see in sleep….
…… ‘Dream’ is the thing that doesn’t let us sleep!!!

- Dr. A.P.J. Abdul Kalam

From all the depth of my soul and heart, I saw the dream of this day, visualized this event so many times in my thoughts and tried hard to achieve it. During this journey, some moments were really like a ‘testing time’ for my mental strength and will-power. But as they say, “The joy of journey is more exciting than that of achieving the destination”. Still the journey was not solely mine!!

The satisfaction and euphoria that accompany the successful completion of any task would be incomplete without the mention of the people who helped to make it possible and whose constant prayers and encouragement served as a ‘Beacon of Light’ and crowned my efforts with success. If such support would not be there, my will-power and mental durability would have been completely broken down!

A hearty relation really doesn’t need any formalities like acknowledgement. But still it is necessary to express my gratitude towards the hands that have clapped on my success as well as acted as a soothing balm to nerves during hardships.

Right from my first year B. Pharm., one person is always with me during success as well as during the hardest times- my Guide, Dr. Avinash H. Hosmani, Asst. Professor, Govt. College of Pharmacy, Ratnagiri. The relationship with him really can’t be described in words. I will be forever thankful to him for supporting me like a ‘Teacher’, a ‘Friend’ and many times like an elder ‘Brother’ as well!!!

I am thankful to R&D Cell, Jawaharlal Nehru Technological University, Anantapur for giving me opportunity to work for my doctoral study and extending complete co-operation during entire period.

I consider myself lucky to have guidance and blessings of Dr. P.V. Kasture, Dr. D.Y Patil’s College of pharmacy, Akurdi, Pune.
I am truly indebted to **Shri. Rajshekhar Shivdare, Chairman, DSTSM’s College of Pharmacy, Solapur** to provide laboratory facilities to complete the work.

The person who always motivated me to work is **Prof. R.Y. Patil, Principal, DSTSM’s College of Pharmacy, Solapur**. I am thankful to him to provide the infrastructure for successful conduction of my work.

I would like to sincerely thank my dear teacher- **Dr. I.D. Gonjari, AICTE, New Delhi** for always guiding and channelizing me during my entire student life.

Whenever pharmaceutical analysis challenged the task and became a hurdle, **Ritu Kimbahune, Al-Ameen College of Pharmacy, Bangalore** was ever-ready to accept the challenge and overcome it.

It was a great enjoyment to work with all the **Staff of DSTSM’s College of Pharmacy, Solapur**, who kept a ‘Nice to Work’ environment! I must specially thank to **K.A. Kamlapurkar** for supporting during the solid dispersion work. **Ganesh Gajeli** was the ‘Chemistry Brain’ behind the synthetic work. Without his help, it was impossible to proceed to synthesize the salt. I am very thankful to **Nagnath Konapure** and **Utkarsha Shivsharan** for helping to complete microbiological study. I am really grateful to **V.R. Aralelimath**, who helped me a lot for my publications.

I am very lucky to work as a team with my dear colleagues- **Varsha Tegeli, Ganesh Gajeli, Utkarsha Shivsharan, Smita Kumbhar** and **Gayatri Chougule**. There are uncountable moments where they boosted me. I must specially cite the contribution of **Gayatri** who went ‘literally’ through every word and punctuation in typographic work to improve the quality of the draft. Without the help, encouragement, motivation and care by these ‘Team-Mates’, it was very hard to achieve the goal.

I am also thankful to **Dr. M.S. Kalshetti, K.H. Rudramuni, A.M. Ansari, Rutuja Sonawane & D.S. Bhosale** for their kind support whenever required. I must thank to supporting staff - **L.M. Birajdar, Mrs. A.S. Kilaje, R.M. Narayane, M.V. Patil, M.V. Potdar, D.S. Dhuma, G.I. Ganechari, J.M. Mulla, J.G. Yadav & V.S.**
Chincholi for their entire cooperation during the lab work. I want to express gratitude to Dr. R.A. Punjabi, who extended full support in providing library facilities throughout the course and shared his valuable Ph.D. experiences. I consider my dear students- Rohan, Shrinivas, Balasaheb, Chitra, Snehal, Supriya, Anup and many more- as the energy boosters.

I am grateful to my friends Ketan Bhasale, Sachin Chidrawar and Vicky Shinde for arranging gift samples of various drugs and excipients. I am thankful to Dr. Hajare, Bharti Vidyapeeth’s College of Pharmacy, Kolhapur and Dr. John D’souza, Principal, Tatyasaheb Kore College of Pharmacy, Warananagar for helping to complete various analytical studies. I must thank Prof. Vandana Kawale of MVP’s College of Pharmacy, Nasik for supporting for in vivo study which gave the completeness to work. I am grateful to Mr. Nagada, ANALABS, Solapur to provide their lab for the work. I thank to Prof. Hardikar, College of Pharmacy, Saswad for help in DSC study. I am grateful to Dept. of Microbiology, V.M. Medical College, Solapur for providing fungal strains.

As I always believe, friends are not earned or made; they are ‘Gifts of God’!! I thank to The Almighty to bless me with my friends- Sajjad Patil, Vikram Mali, Prashant Kakade, Amol Mahindrakar, Ashish Mohite, Hemant Chavan, Monica Bartakke, Rahul Pol and Nagnath Konapure. They are like catalysts in my life. I am very thankful to my Ph.D. batch-mates, Pawan Udawant, Vrushali Kashikar, Mrs. Mahaparale and Amar Banagar to be in constant touch.

I am thankful to Shri. Hucchhe Kaka and Shri. P.V. Kulkarni, the men who showed me the ray of hopes for success in the darkness of failures by spiritual motivation. I must thank Risbud Family for extending helping hand. I am grateful to P. Mara of Prem Photo Studio for beautification of thesis and ‘Solapur Tarun Bharat’ for binding of thesis.

I give all the credit to ‘My Teachers’ who helped to create a solid pedestal for my career. I must acknowledge every ‘Guru’ right from my school-life to doctoral study, to be a crucial part of my life. Without them, I could not achieve this destination.
Besides these helping hands for technical work, there were ‘Hearts’ praying for me. These people kept my mental integrity and confidence high and intact—“My Family”! I not only express gratitude but also dedicate all my efforts to my family members!!!

In the life’s toughest times, one man passed enormous positive energy to me to keep my moral up and backed me up to come out of melancholy is Dilip Mama. I will be forever grateful to Mama, Mami and their family for caring a lot. I am thankful to my in-laws Baba, Aai and Kaka for always willing and praying for my success. I am thankful to my brother-in-law, Mayuresh for valuable suggestions. I must thank my cousins-Chetan, Omkar, Kedar and Sagar for their ever-ready efficient ‘Cyber support’. I am lucky to have my adored sisters- Sangeeta and Yogini for being rock-solid with me in hard times and motivating me to struggle. Shriyash, my brother-in-law, was always a helping hand for completing many studies. Akka, my grand-mother at all times wished to see my dream come true. Aboli- my beloved life-partner is surely creditworthy for my success. Without her care and firm back-up during work and exam, it was impossible to complete the tasks. The birth of my darling daughter, Sayali was a ‘Good Omen’ for my success. I devote my efforts to my beloved and respected parents- Aai and Dada. I am blessed to have such caring and lovely parents who made me capable to dare to visualize this dream. I can’t forget my late grandparents Appa, Anna and Aaji on this occasion. I can imagine their proud expressions if they were physically with me. These people really built my self-belief and confidence to see the dream!!!

“A DREAM!” which I started to work with, was to make everyone proud and to see the ‘happy tears’ in their eyes, whenever I will be addressed as........ ‘Dr.’ Yogesh Thorat!!

YOGESH SHRIPAD THORAT
