It is a great pleasure on my part to present my Ph.D. thesis entitled **Some Recent Advances in Graph Theory**. I would like to take the opportunity to express my sincere indebtedness to all, who helped me in completing this work successfully. Foremost, it is a great pleasure and honour to express my deep sense of gratitude and respect to my guide Dr. B. Basavanagoud, Professor, Department of Mathematics, Karnatak University, Dharwad. I am grateful for his untiring and prompt help by sparing his valuable time in the supervision of this work by identifying errors and suggesting ways to rectify them. I have learned so many things from him and he has inspired me in so many ways. He has been invaluable in both academic and at personal level, for which I am extremely grateful for his caring, persuading and compassionate nature. I am also grateful to him for providing me the necessary facilities at the department.

I am deeply grateful to Prof (Rtd.) V. R. Kulli, Department of Mathematics, Gulbarga University, Gulbarga, for the long discussions that helped me to sort out the technical details of my work. I am also thankful to him for encouraging and commenting on countless revisions of my publications.

I wish to express my sincere gratitude to late Dr. B. D. Acharya, Prof (Rtd.) N. M. Bujurke, INSA senior scientist, Prof (Rtd.) S. S. Bhoosnurmath, Department of Mathematics, Karnatak University, Dharwad for their encouragement during my research period.

My Special thanks to Dr. S. S. Benchalli, Professor and Chairman, Prof. H. S. Ramane, Dr(Smt.) S. C. P. Halakatti, Dr. P. M. Patil, Dr. P. G. Patil, Dr. S. C. Shiralashetti, Dr. D. G. Prakasha, Dr(Smt.) R. S. Dyavanal, Dr. Asha S. K. and Mr. Kumbinarasaiah S, of Department of Mathematics, Karnatak University, Dharwad, Dr. Keerthi G. Mirajkar, and Dr. K. S. L. N. Prasad, Dept. of Mathematics, Karnatak Arts College, Dharwad, for their guidance and
encouragement during the course of my research work. I also thank all the Library staff of our University for their kind co-operation.

My special thanks to Dr. S. K. Giregol and Dr. R. R. Chavvan, BLDE College, Jamakhandi for their guidance and encouragement during my research work.

I am very much obliged to University Grants Commission (UGC), for providing RFSMS fellowship under Special Assistance Program (SAP), New Delhi, for the financial support.

My special thanks to my research colleagues, Dr. S. H. Malghan, Dr. Sunilkumar Hosamani, Dr. Prashant Patil, Smt. Jaishri V, Smt. Sujata T, Hemaraddi, Chetana, Veena, Shreekant, Dr. Sharad Hegde, Dr. Satish M, Dr. Smita Kabbur, Smt. Pushpa Nalwad, Madhura and Vikas for their kind co-operation, lively support and joyous company during my research work.

Finally, I would like to acknowledge most important people in my life, my late grandfather Sangappa Nyamagoud and Satappa Teli, my grandmother Tayavva, my father Virupaksh, my mother Annapurna, my family members and other relatives. Thanks for their love, patience, support, help, encouragement, sacrifice and prayer, which formed part of my vision and taught me the good things that really matters in my life.

Without the blessings of Almighty this work would not have been possible. Lastly, I thank all those who helped me directly and indirectly in the preparation of this thesis.
