

ACKNOWLEDGEMENT

It is very difficult for me to find appropriate words to express my sincere gratitude to Dr. Priya Ranjan Chowdhury, Reader, Department of Commerce, University of Calcutta, under whose kind supervision and guidance, this work has been completed. I am extremely grateful to him for encouraging me to select such an important area of finance. His meticulous guidance at every step is largely responsible for the emergence of this work in the present shape. But for the time and energy expended by him, this work would not have been possible. However, the errors and limitations are solely mine.

I am indebted to Prof. (Dr.) B. K. Basu, convenor and other respected members of the Ph. D. Committee (Department of Commerce, Calcutta University), Prof. (Dr.) A. K. Duttagupta, Prof. (Dr.) B. Banerjee, Prof. (Dr.) G.C. Sinha and Prof. (Dr.) S. P. Mukherjee, for their valued opinion for my research work.

During the course of this study, I have received help from various quarters. However, in particular, I owe my thankfulness to Prof. S. Banerjee, Prof. A. K. Basu, Prof. J. Bhattacharya, Prof. S. Sen, Prof. S. Chakrabarty, Prof. J. B. Sarkar, Prof. D. R. Dandapat, Prof. M. Saha, Prof. K. Mukherjee and Prof. J. Das of Department of Commerce, Calcutta University, Dr. Pranab Sarkar, Principal, Behala College of Commerce, Dr. Priyotosh Khan, Principal, Jogesh Chandra Chowdhury College, who helped me in various ways.

I also wish to express my gratitude to the Librarians and other staff of Indian Institute of Management , (Joka, Kolkata), Central Library, Calcutta University, USIS Library of Kolkata and British Council Library.

I am grateful to my brother Sri Sukalyan Ghoshal and my student Sri S. Sengupta who helped me a lot in composing and processing the whole matter by computer.

I put on record the help that I took from the work of many celebrated authors of our country as well as of abroad.

I express my gratitude to Prof. S. Bose and Sri Abhyuday Mondal of Indian Statistical Institute, Kolkata. They helped me to do the Multiple Regression Analysis by using statistical software. They used 'S Plus' Software package for analysis. I would like to acknowledge my debt to them

Finally, I express my gratitude to my mother, my elder brothers, my wife, Tista, and my daughter, Debalina for their inspiration and mental support.
