

Acknowledgement

I gratefully acknowledge the guidance, help and encouragement of my teachers Professor Pratip K. Debnath and Dr. B.P. Shaw, which was so freely available at every step of my research work could helped me to bind as thesis. Without their constant suggestions and encouragement this work would have never seen the light of the day.

I am grateful to Dr. L.N. Maity, Dr. Abichal Chattopadhyay and Dr. P.C. Tripathi for their pragmatic criticism and valuable suggestions helped me to update my research planning.

I am particularly thankful to Mr. M.A. Ohab and Ms. Sabitri Paul of Southern Health Improvement Society Bhangor for providing me all necessary help and permission to include the patients of Pulmonary tuberculosis in my research those attending the hospital. Moreover, their cordial help and co-operation alongwith utilization of hospital facilities.

I am thankful to Prof. P. Chakraborty and Dr. D. Ghosal, Dept. of Chemistry, Bose Institute for providing me necessary laboratory facilities for estimation of Blood isoniazid and pymazinamide.

I am thankful to Prof. Shib Nath Ghosal and Dr. Biswajit Auddy of Natreon (Inc.) India, Kolkata for kindly providing me the HPLC data.

I shall fail in my duty if I do not express my thanks to Dr. Baranasi Kundu, Dr. S.K. Sarkar, Dr. G.C. Sengupta and my colleagues at SHIS Dr. Gautam Datta, Dr. Mritunjoy Shau, Dr. M.S. Alam.

Thanks are due to my friends colleagues specially Dr. Tuhin Kanti Biswas and Dr. Srikanta Pandit and Dr. Partha Halder for helping me in collection of BIA data.

Financial help from Dabur Research Foundation in general and Dr. C.K. Katiyar in particular for providing research fellowship and necessary defined drugs supply is gratefully acknowledged.

I am deeply indebted to Dr. T.K. Mandal and Prof. A.K. Chakraborty WBUAFS for providing me the facilities to complete the thesis and I am also grateful to Dr. Tapas Mandal, Dr. Mridula Saha, Dr. Banani Das, Dr. M. Ahamed and other colleagues of Rajib Gandhi Memorial Ayurvedic College and Hospital for their mental support and help also.

I remember recognize and appreciated for patience, encouragement and tolerance of suffering of my parents, wife and son.

My gratitude to Kaviraj Nanigopal Sarkar most eminent Ayurved lover his appreciation support encouragement to Ayurved Research is the fruits of the day.

Not least, but at last my thanks to Ruma Majumder for reproduction and the patients of Patipukur TB Hospital and the well wisher of myself and SHIS who cooperated for my research. I like to dedicate my thesis to them.

June 2006
