ACKNOWLEDGEMENTS

I take this opportunity to express my deep sense of gratitude to Dr. U. N. Singh, Reader, Department of Botany, D. V. Postgraduate College, Orai who introduced me to this field of Botany and rendered his able guidance and showed keen interest throughout the progress of this work. I am extremely grateful to him for going through the manuscript of the thesis.

I extend my most sincere thanks to Dr. N. D. Samadhiya, M. A., D. Lit., Principal, D. V. Postgraduate College, Orai, for making available to me all laboratory facilities at the very Institution and also for his constant encouragement and supportive and sympathetic attitude during the trying vicissitudes of this venture.

I am also indebted to numerous friends and colleagues in the Department of Botany, D. V. Postgraduate College, Orai for their valuable help and encouragement to me in the completion of the thesis.

My thanks are also due to Shri, R. P. Sharma Ex. Principal, S. D. Intermediate College, Orai who inspired and boostup to go under this research work. At the same time I am thankful to Shri D.S. Pandey my cousin brother and favourite worker Mr. Chhandi Lal who worked hard with me in the field studies.
I express my thanks to Mr. Yogendra Swarnkar, Swarna Computers, Orai & their co-workers for this job of typing of the thesis with keen interest against all adds.

I would be failing in my duty if I do not express my indebtedness to my parents without whose constant encouragement the work would not have been possible. Lastly, I would like to thank Smt. Shilpa Pandey, my wife, whose constant inspiration has gone a long way in the fulfilment of this venture.
