ACKNOWLEDGEMENT

The interdependence is a reality of academic venture. One's work is the product of one's labour but can not forget the gratitude, he owes to his associates and friends, who have contributed the various ways towards the final outcome. In this reference, I gratefully express my gratitude to the Principal, Atarra Post-Graduate College, Atarra, Banda, Dr. A.C. Nigam, who has provided abundant facilities. His useful suggestions, constructive criticisms and directions at every step of investigation, have been vital for the finalisation of this work. I am infact much indebted to him and express my sense of gratitude.

The present work has been completed under the supervision and guidance of Dr. S.P. Srivastava, M.Sc., Ph.D., Reader and Head of the Department of Botany Atarra Post-Graduate College, Atarra, Banda. It is difficult to express adequately the debt of gratitude, I owe to him for his austere and noble guidance as well as unimaginable zeal during the entire period of present investigation in the preparation of the manuscript. I also express that, I shall remain indebted and obliged for his guidance in a very mild and polite way, which will remain an everlasting memory in mind.

I would also like to convey my thanks to Dr. R.K. Srivastava, Lecturer, Department of Botany Atarra Post-Graduate College, Atarra, Banda and Dr. A.P. Saxena, Reader, Department of Botany, D.A-V. College, Kanpur, who gave me valuable suggestions. They have actually removed all the difficulties on every step and has suggested the concrete solutions.
I feel paucity of words to express my respect and regard to my respected father and mother, brother, relatives and friends for their good wishes, inspirations, blessings and co-operations received directly or indirectly.

In the last, I am also thankful to Sri Anand Dubey, who devoted considerable time and energy as well as took special pains, without whose co-operation the thesis could not have been completed.
