Introduction	1
Scheme of Work	14
Chapter 1 - Screening of Natural Sources for Pectinase Producing Organisms	17
(i) Isolation of Fungi from Natural Sources	18
(ii) Pectinase Activity of the Fungal Isolates ...	19
(iii) Selection of most Potent Strain amongst the Isolates	21
(iv) Characterization of the most Active Isolate ..	25
Chapter 2 - Determination of Optimum Cultural Conditions for the Production of Pectinases	33
Chapter 3 - Effect of Carbon and Nitrogen Sources on the Production of Pectinases	42
Chapter 4 - Mineral Requirements of <u>A. niger</u> JU for the Production of Pectinases	53
Chapter 5 - Effect of some Growth Factors and Metabolic Inhibitors on the Production of Pectinases by <u>A. niger</u> JU	62
Chapter 6 - Metabolic Changes during the Production of Pectinases by <u>A. niger</u> JU	69
