ACKNOWLEDGEMENT

It is a great pleasure for me to acknowledge my deep sense of gratitude to Dr. Kalyan Bagchi, B.Sc., M.B.B.S., Ph.D. (London), Associate Professor of Biochemistry and Nutrition, All India Institute of Hygiene and Public Health, Calcutta, for his guidance, supervision and kind encouragement in the course of this investigation.

I am also indebted to the Director of the Indian Council of Medical Research for making a grant available for conducting this investigation. Thanks are due to Miss Krishna Kunshi for her technical assistance during the course of this investigation.

In conclusion, I would like to record my grateful thanks to my friend Dr. Ajit Halder, M.B.B.S. for his continuous help and occasional suggestions towards the improvement of the work.

T. K. D.
