

ACKNOWLEDGEMENTS

I take the opportunity to offer my deep sense of gratitude to my teacher Dr. S. Mukherji, Reader in Botany, University of Calcutta, under whose able guidance and esteemed supervision this work has seen its successful completion. My thanks are due to Prof. A.K.Sharma, Sir Rashbehary Ghose Professor of Botany and Head of the Department, University of Calcutta, for providing me with laboratory facilities. I am greatly indebted to Dr. A.K.Paul who had always been the source of inspiration and also for his valuable suggestions during the preparation of the manuscript.

I tender my sincere thanks to Dr. K. Nag of the Indian Association for the Cultivation of Science for helping me in xerox preparation and to Dr. S. Roy of the Department of Biochemistry, University of Calcutta, for valuable technical advice. I extend my warmest thanks to Dr. P.K.Sircar, Dr. A.K.Sadhukhan, Dr. M.N.Das, Dr. (Mrs.) Archana Bag, Miss Ratna DharChaudhuri and Mr. Parimal Nag for their valuable help in various ways. I offer my thanks to my colleagues of my laboratory, Mrs. T. SenGupta, Dr. (Mrs.) M. Mukhopadhyay, Dr. (Mrs.) P. Maitra, Mrs. D. Haldar, Miss. M. Bramha, Mr. B.K.Roy, Mr. A.K.Biswas and Mr. C. Mukherji for their encouragement. Grateful thanks are due to Mr. Ajoy Ghoshal who has taken great pains

in typing the manuscript and to Mr. Ranjan De for photograph.
I pay my homage to my beloved parents for their encouragement
during the course of the work.

Financial assistance rendered by the Council of Scientific
and Industrial Research, New Delhi, is gratefully acknowledged.
