43. DAVIDSON, S. (SIR) 1965 - The principles and practice of Medicine, Edinburgh, E & S. Livingstone; Rear page.

46. DIETZMAN R.H. and LILLEGHEI R.C. (1968-b) Quoted by M. Branthwaite

52. ERLENGER, J.; GESSELL, R., and GASSER, H.S. (1919-B)
   Study in secondary traumatic shock III: circulatory
   failure due to adrenalin. Amer. Physiol, 49, 345
   1919. Quoted by M. Branthwaite In: Shock: A

53. FISCHER, H (1870) Quoted by K.E.D. Shuttleworth
   In: Surgical shock: A practice of anaesthesia
   1st Ed. (Reprint 1962), Ed. Wylie W.D and H.C.

54. FINE, J., FRANK, E.D., RAVIN, H.A., RUTENBERG, S.H.
   and SCHWEINBURG, F.B. (1960). The bacterial factor
   in traumatic shock. In the biochemical response to
   injury. Eds H.B. Stoner and C.J. Threlfall, Oxford,

55. FLECK, A. (1975) Shock: Clinical and experimental
    aspects, Monograph in Anaesthesiology, 4 Ed.
    Ledingham I MCA. Amsterdam: Excerpta Medica P-57.

    aspects. Monographs in Anaesthesiology, 4 Ed. I.
    MCA. Ledingham. Amsterdam: Excerpta Medica P-57.

64. GIBSON, J.G. (2nd) SELIGMAN, A.H., PREOCK, W.C., FINE, J., AUB, J.C. and EVANS, R.D. (1947). The circulating red cell and plasma volume and the distribution of blood in large and minute vessels in experimental shock in

Wilkins Co. P-74-75.

86. HENDERSON, Y. (1908) Apamia and shock- I. Carbon dioxide

104. KROGH, A. (1922) Anatomy and physiology of capillaries

119. LEDINGHAM, I. M. A., FARRATT, J. R., and VENUE, J. P.

Quoted by M. Branthwaite, In: Shock: A practice of

124. LILLEHEI, R.C., LONGERBEAM, J.K., and ROSENBERG, J.C. 1962

157. MONRIEP, J.A. (1974) - Heat transfer and Thermal...
1974. Edt. in chief, S.I. Schwartz, New York, McGraw-

159. MULLER, H. (1966) - Flow and diffusion studies across cell

effect of buffering ACD blood with THAM on the survival
Proc. 19: 54, 1960. Quoted by L. Smith and M. H. Weil In:
shock due to blood loss Diagnosis and treatment of shock.
and Wilkins Co. P-124.

of shock: Amer. J. Cardiol. 21, 619, 1963. Quoted by M.
Branthwaite: In: Shock: A practice of Anaesthesia 4th
Ed. 1978 Ed. H.C. Churchill-Davidson, London Lloyd -

162. ORKIN LOUIS, R. (1965) - Physiological changes during shock

and metabolism of isolated perfused rat heart. Amer. J.
