Acknowledgement:
I would like to convey my sincere and deep sense of gratitude to my supervisor Dr. Anadi Kumar Kundu, Principal, Barasat Govt. College and Associate Supervisor Prof. Sibdas Ghosh, Centre of Advanced Study In Cell and Chromosome Research, University of Calcutta for their kind and valuable guidance to my research work. I am indebted to Dr. Rita Kundu, Lecturer, Department of Botany, University of Calcutta, for her ungrudging help, advice and encouragement in the field of biochemical studies of medicinal and ornamental plants of my research work. I also want to extend my heartfelt thanks to respected teacher Dr. Kalyan Kumar De, for his help and ideas. It would not have been possible for me to carry out the work without their continuous and watchful supervision.

I take the opportunity to express my sincere thanks to Professor A.K. Sharma, Professor (Mrs.) A. Sharma, Professor S.C. Roy and Professor Amita Pal, for their valuable ideas and suggestions which helped me to improve my work in various phases of investigation.

I am also grateful to Dr. Kunal Sen, Head, Post Graduate Department of Botany, Barasat Government College and Prof. Nanda Dulal Paria, Head of the Department of Botany, University of Calcutta for their kind help in the form of granting me permission to utilize the facilities of their respective departments.

I take the opportunity to express my sincere thanks to Mr. Sukumar Sarkar, Mrs. Tulika Talukdar, Dr. Manas Ranjan Majumdar, Dr. Tapas Chandra Saha, Dr. Bijoy Kumar Roy, Dr. Aloke Bhattacharya, for their valuable ideas and suggestions.

I thank Mrs. Sikta Lahiri, Mr. Monojit Basu and Mr. Sayak Ganguli for their continuous support throughout the period of my work.

I also wish to express my thanks to Mr. Asit Sengupta, Mr. Susanta Kumar Das, Mr. Susanta Kumar Pal, Mr. Ajoy Biswas, Mrs. Subhra Sikdar, Bhola Thapa and Mr. Bapi Das for their generous and active help in different phases of the investigation.

My special thanks are due to my family members for their co-operation, patience and inspiration throughout the period of my research.

Date: 30.08.2005
