ACKNOWLEDGMENT

The author wishes to place on record her deep sense of gratitude and heartfelt thanks to Dr. G.S. Gopalakrishna, Professor, Department of Studies in Geology, University of Mysore-6 for guidance and constant encouragement rendered by him throughout the research work. The author gratefully acknowledges the same.

The author wishes to acknowledge with sincere thanks to Prof. K. Byrappa, Chairman and Prof. H.T. Basavarajappa and Prof. C. Srikantappa, former Chairman, Department of studies in Geology, University of Mysore for constant support and encouragement to carry out the research work in the department.

The author is very much grateful to Prof. A. Balasubramanian, co-coordinator, Centre for Electronic Media and Mass Communication, Pondichery University for his valuable advice related to the research problem.

Sincere thanks are due to Prof. K.G. Ashamanjari, Department of Studies in Geology, University of Mysore, for her support and encouragement during the study.

The author wishes to acknowledge the help of all teaching and non-teaching staff and the research scholars of Department of Studies in Geology, University of Mysore, throughout the work.

The author wishes to thank Sri T.N. Parmesh, Chief Executive Officer and Sri Sukumar, Chief Chemist, Pollution Control Board, Mysore for permitting her to carry out the water analysis.
Sincere thanks to Dr. M.R. Janardhana, Reader in Geology, School of Earth Science and resource management, Yuvaraja’s College, University of Mysore, Mysore, for his support and encouragement during the study.

She wishes to place on record the help rendered by Sri. S. Sudharshana, Scientist D, Central Ground Water Board, Bangalore, in providing the necessary data pertaining to the research problem.

Sincere thanks to Sri B. Zaheer, Director (G), Map and Cartography section, Geological Survey of India for his cooperation in providing the geological data related to the research work.

The author is very much grateful to Dr. Balakrsihnan, Director, Karnataka State Remote Sensing Application Centre (KSRSC), in permitting her to avail the satellite imageries of the study area in KSRSC.

The author owes her success to her beloved parents and sister, for their warm, constant and endless support and encouragement.

Last but not least the author is very grateful to her husband who was endlessly resourceful. His advice was always practical and wise.
