ACKNOWLEDGEMENTS

It is with deep sense of gratitude, I express my indebtedness to my research guide Dr. A.K. Kar, Professor, Dept. of Botany, Presidency College, Calcutta, West Bengal, India, for suggesting me the problem and for his constant inspiring guidance, useful suggestions and discussion; and for providing necessary facilities in course of the present work.

I also express my sincere gratitude to Dr. J. B. Roy, Hon. Sr. Research Fellow, Dept. of Botany, Presidency College, Calcutta for his continuous help and co-operation in course of the present work.

I am thankful to the Principal, Presidency College, Calcutta and to the Head of the Dept. of Botany of the same Institution for allowing me to work in the Department of Botany and providing all necessary laboratory facilities in course of the present investigation.

I express my sincere gratitude to Dr. B.C. Sutton, Head, Identification Service, Commonwealth Mycological Institute, Kew, Surrey, England and Dr. E. Punithalingam, Principal Mycologist, Dr. Paul M. Kirk, Dr. A. Sivanesan, Miss S. Little, Dr. D.W. Minter, Dr. S.K. Francis, Taxonomists of the same Institute for their generous help in verification, identification of fungal specimens and providing valuable suggestions and guidance in course of the present work.
