CONTENTS

ABSTRACT

Chapter 1

INTRODUCTION 1-2

PART I : GEOLOGICAL ASPECTS OF THE YERRAPALLI FORMATION

Chapter 2

GEOLOGY 3-18

Introduction 3-4

Previous work 4-7

The Yerrapalli Formation 7-14

Lithostratigraphy 8-12

Discussion 12-13

Depositional environment 13-14

The Bhimaram Formation 15-17

Some remarks on the stratigraphic status of Yerrapalli Formation 17-18
### PART II: PALAEONTOLOGICAL ACCOUNT OF A NEW PROLACERTIFORMES

#### Chapter 3

**REVIEWS OF THE PROLACERTIFORMES AND PROLACERTIDAE**

- Prolacertiformes: 19-25
- Prolacertidae: 25-30

#### Chapter 4

**SYSTEMATIC PALAEONTOLOGY**

- Etymology of the new genus: 31
- Generic diagnosis: 31
- Etymology of the species: 31
- Holotype: 31
- Paratype: 32
- Repository: 32
- Specific diagnosis: 32-33
- Horizon and age: 33-34
- The material: 34-35
State of preservation 35-38
Reconstruction 39-41
Description 41-69
The skull 41-51
The lower jaw 51-54
The postcranial 54-69
COMPARISON AND RELATIONSHIP 69-82
Comparison 69-78
Relationship 79-82

Chapter 5

RESTORATION AND LIFESTYLE 83-100
Taphonomic consideration 83-90
Restoration of the skeleton 90-92
Lifestyle 92-100

PART III : PALAEOONTOLOGICAL ACCOUNT OF A
NEW RAUISUCHIAN

Chapter 6

BRIEF REVIEW OF
RAUISUCHIA - RAUISUCHIDAE 101-106
Brief review
of the Family Rauisuchidae 103-106

Chapter 7

SYSTEMATIC PALAEONTOLOGY 107-114

Diagnosis 107-108

Horizon and age 108

The material 108-109

Repository 109

State of preservation 109-110

Reconstruction 110

Description 110-114

The skull 110-111

The postcranial skeleton 111-114

COMPARISON AND RELATIONSHIP 115-118

PART IV : PROBLEMS OF CORRELATION

Chapter 8

SOME PROBLEMS OF MIDDLE TRIASSIC

VERTEBRATE BIOCHRONOLOGY 119-125
ACKNOWLEDGEMENTS
