

ACKNOWLEDGEMENTS

I wish to express my deep sense of gratitude and sincere thanks to my guide **Dr. D. Channe Gowda**, Professor of Chemistry, Department of Studies in Chemistry, Manasagangotri, University of Mysore, Mysore, for his inspiring guidance and valuable suggestions throughout the research work. To say it in few words, he has been my teacher apart from being my supervisor to this thesis work. My association with him helped me to transform myself into a researcher and as an individual. I consider myself privileged to have him as my teacher.

I thank **Prof. G. Nagendrappa**, Chairman, Department of Studies in Chemistry, University of Mysore, Mysore, for providing necessary facilities required for my research work.

I am highly indebted to the **University of Mysore, Mysore** for awarding me research fellowships. I am also grateful to the **Indian Institute of Science**, Bangalore for providing NMR data.

I owe my special thanks to former chairman **Prof. Rangaswamy**, Department of Studies in Chemistry, University of Mysore, Mysore for his help and encouragement. I also thank **Prof. K. M. L. Rai**, **Prof. S. Shashikanth**, **Prof. Y. B. Basavaraju** and other teaching faculty members for their useful suggestions during my research studies.

I was very fortunate to have **K. C. Prakasha, K. Anil Kumar, R. Suhas** and **B. Santhosh** as my lab mates. I came across wonderful friends, as my colleagues who have taught me many of their specialities in chemistry. Discussions on various topics with other research scholars in the department kept the environment lively.

I am also grateful to all my friends for being a constant support all through my life.

I have no words to express my gratitude to my beloved parents, brother, sister and all my family members, who have been a constant source of inspiration throughout my work.
