

## LIST OF TABLES

| Table.<br>No. | Title  | pp |
|---------------|--|----|
| R1            | Consolidated report on bioactivities of wood apple fruit   |    |
| R2            | Consolidated report on bioactivities of <i>Momordica cymbalaria</i> fruit  |    |
| R3            | Vernacular names of <i>Spondias mangifera</i>  |    |
| R4            | Therapeutic use of <i>Spondias</i> sp  |    |
| R5            | Consolidated report on bioactivities of <i>Spondias</i> sp.  |    |
| R6            | Consolidated report of list of compounds identified in <i>Spondias</i> sp  |    |
| 1.1           | Minimum inhibitory concentrations [MIC] for different extracts of <i>Spondias mangifera</i> cv. Hal                            |    |
| 2.1           | Platelet aggregation inhibitory activity and antioxidant activity of different fractions <sup>ψ</sup> of ethyl acetate extract |    |
| 2.2           | Platelet-aggregation inhibitory activity of fractions <sup>ψ</sup> obtained from second step column chromatography             |    |
| 2.3           | Platelet aggregation inhibitory activity of fractions <sup>ψ</sup> obtained from third step column chromatography              |    |
| 2.4           | Spectral data of the Glycospondin.   |    |
| 2.5           | Spectral data of the Spondiol.   |    |
| 2.6           | Antioxidant activity of Glycospondin   |    |
| 2.7           | Effect of Incubation Time at IC <sub>50</sub> of Glycospondin on platelet-aggregation inhibitory activity.                     |    |
| 2.8           | Antibacterial activity of Glycospondin   |    |
| 2.9           | Antioxidant activity of Spondiol   |    |
| 2.10          | Effect of Incubation Time at IC <sub>50</sub> of Spondiol on platelet-aggregation inhibitory activity.                         |    |
| 2.11          | Antibacterial activity of Spondiol.  |    |
| 3.1           | Maturity indices of <i>Spondias mangifera</i>  |    |
| 3.2           | Weight of various components of <i>Spondias mangifera</i> fruit  |    |
| 3.3           | Physical parameters of the <i>Spondias mangifera</i> fruit and its components  |    |
| 3.4           | Maturity Standards for Harvest of <i>Spondias mangifera</i> fruit maturity markers index                                       |    |
