<u>PREFACE</u>	
<u>ACKNOWLEDGEMENT</u>	
<u>CHAPTER - I</u> <u>GENERAL INTRODUCTION</u> ..	1
<u>Normal Haematological Alteration during pregnancy</u> ..	1
<u>Factors Controlling the Level of Haemoglobin And</u> <u>Their Alterations During Pregnancy</u> ..	3
<u>Role of Iron</u> ..	3
Iron metabolism ..	4
Iron content and distribution ..	4
Serum iron level and pregnancy ..	5
Dietary iron requirement for Indians ..	6
<u>Role of Copper</u> ..	8
Intermediary metabolism of Copper ..	9
Copper and Distribution ..	10
Serum Copper and Ceruloplasmin levels in relation to pregnancy ..	10
<u>Role Of Other Minerals In Haemoglobin Synthesis</u> ..	11
Cobalt and Nickel ..	11
Zinc ..	12
Zinc metabolism ..	12
Zinc content and distribution ..	13
Serum Zinc levels and pregnancy ..	13
Calcium ..	13
Dietary Calcium requirement during pregnancy ..	14
<u>Role Of Other Dietary Factors On Haemoglobin</u> <u>Synthesis</u> ..	14
Role of Dietary Protein ..	14

	Page
Serum protein concentration and pregnancy	.. 16
Dietary protein requirement during pregnancy	.. 17
Role of Dietary Ascorbic Acid	.. 17
Plasma total ascorbic acid concentration and pregnancy	.. 18
Dietary requirement of ascorbic acid during pregnancy	.. 18
Role of Other Vitamins	.. 19
Calorie Requirement And Haemopoiesis	.. 20
<u>Socio-Economic Gradient And Pregnancy</u>	.. 21
<u>Aim Of The Present Investigations</u>	.. 22
<u>CHAPTER - II</u> <u>MATERIALS AND METHODS</u>	.. 26
<u>CHAPTER - III</u> <u>RESULTS</u>	.. 48
Levels Of Dietary Constituents	.. 48
Levels Of Blood Constituents	.. 53
<u>CHAPTER - IV</u> <u>DISCUSSION</u>	.. 61
<u>Physiological Basis Of Nutritional Needs During Pregnancy</u>	.. 61
Food requirements during pregnancy	.. 63
Present Findings On Nutritional Survey And Its Socio-Economic Influence	.. 64
<u>Erythropoiesis And Iron Metabolic Pathways</u>	.. 72
Iron absorption	.. 73
Influence of dietary protein on iron absorption	.. 75
Influence of dietary ascorbic acid on iron absorption	.. 77
Influence of dietary calcium on iron absorption	.. 78
Indices Suggestive Of Nutritional Deficiency	.. 79

	Page
<u>Present Findings Of The Different Constituents</u>	
<u>Of Blood</u>	.. 80
Serum Iron Level	.. 80
Transferrin Saturation	.. 82
Serum Protein Level	.. 83
Plasma Total Ascorbic Acid Level	.. 84
Serum Copper And Ceruloplasmin Level	.. 85
Serum Zinc Level	.. 91
Blood Haemoglobin Level	.. 93
Effect Of Age On Nutrient Intake And On Blood Constituents	.. 103
<u>CHAPTER - V</u> <u>SUMMARY AND CONCLUSION</u>	.. 107
<u>CHAPTER - VI</u> <u>REFERENCES</u>	.. 119
<u>APPENDIX</u> <u>AUTHOR'S PUBLICATIONS</u>
