LIST OF TABLES

TABLE 1  Manufacturing Unit wise Distribution of the Workers in the Two Shifts Selected as the sample ... ... 75

TABLE 2  Schedule Developed for Data Collection (Applicable for Both Shifts) ... ... ... ... 80

TABLE 6.1  Distribution of Scores of permanent day shift workers collected by the Symptoms of Fatigue Scale 85

TABLE 6.2  Distribution of scores of permanent night shift workers collected by the symptoms of Fatigue Scale 87

TABLE-6.1  Result of 't' test between the mean scores of day and night shift workers obtained by the symptoms of Fatigue Scale ... 89

TABLE-6.3  Distribution of scores of day shift workers collected by the scale for ratings of perceived Efforts ... ... ... ... 90

TABLE-6.4  Distribution of scores of permanent night shift workers collected by scale for Ratings of perceived effort 92

TABLE-6.11  Result of 't' test between the mean scores of day shift and night shift workers obtained by the scale for Ratings of perceived Effort ... ... ... 94

TABLE-6.5  Distribution of scores of permanent day shift workers collected by Inventory for subjective Health Questionnaire ... ... 95
TABLE - 6.6 Distribution of Scores of permanent night shift workers collected by Inventory for subjective Health Questionnaire

TABLE - 6.7 Distribution of scores of permanent day shift workers collected by General Mental Health Questionnaire

TABLE - 6.8 Result of 't' test between the mean scores of day and night shift workers obtained by the Inventory for subjective Health Questionnaire

TABLE - 6.9 Result of 't' test between the mean scores of day and night shift workers collected by General Mental Health Questionnaire

TABLE - 6.10 Distribution of scores of permanent night shift workers collected by Brayfield-Rothe Job satisfaction scale

TABLE - 6.11 The percentages of different groups of shift workers, who think that their work schedule creates the following specific Problems
Mean Ranks and Rank orders of the shift workers ratings of different remedial measures in terms of their importance for reducing difficulties of shift work...

Raw scores on different questionnaires of the permanent day shift workers...

Raw scores of different questionnaires of the permanent night shift workers...
