

ACKNOWLEDGEMENT

I express my deep sense of gratitude and respectful regards to my guide and supervisor *Dr. A.K. Banik*, Professor and Head, Department of Chemical Engineering, Calcutta University for his unstinted cooperation, constant encouragement and proper guidance throughout the entire course of execution of the present research project.

I also take the opportunity of expressing My respectful regards to *Dr. A. Basumajumdar*, Reader, Department of Chemical Technology, Calcutta University for helpful suggestion, interest and encouragement.

Sincere thanks are also conveyed to *Dr. N.K. Mitra*, Professor, Department of Chemical Technology, and *Dr. M. Das*, Reader, Department of Chemical Engineering, Calcutta University for their kind help and interest in this work.

Thanks are also due to *Dr. Shekhar Ghosh*, Director and *Mr. Sabyasachi Some*, Geologist, of the Geological Survey of India, Calcutta, and *Dr. A.K. Bhadra* of Central Glass and Ceramic Research Institute for their kind assistance.

I am thankful to *Mr. Nimai Pal* and all my friends and colleagues of our laboratory for their spontaneous help and constant co-operation.

I am greatly indebted to my daughter *Krittika* for her sacrifice in sparing me to enable the completion of this work.

Finally, I like to express my gratitude to my husband *Dr. Kalyan K. Mukherjee* for his inspiration, motivation and constructive criticism during the entire period of this work and for undertaking the chores associated with the preparation of this dissertation work.
