ACKNOWLEDGEMENT

I feel immense pleasure to express deep and sincere sense of gratitude and indebtedness to my research guide Dr. (Mrs.) Dipali Devi, Associate Professor, Seri-biotech Unit, Life Sciences Division, Institute of Advanced Study in Science and Technology (IASST), Guwahati-35 for her constant, constructive and able supervision in each and every stage of my research which made me able to prepare this manuscript.

I avail the opportunity to acknowledge Dr. N.C. Talukdar, Director and Prof. Joyanti Chutia, Ex-Director, IASST, Guwahati-35 for their kind permission and co-operation to carry out the research work at Seri-biotech Unit, Life Sciences Division, IASST. A profound sense of gratitude is expressed to Prof. Jibon Kotoky and Prof. B. C. Tripathy, IASST for their useful suggestions, advice and necessary help.

I owe my obeisance and gratefulness to the Gauhati University Authority and Head of Department of Zoology for facilitating me for fulfillment of necessary formalities to carry out this work. Cordial co-operation and useful suggestions from the members of the teaching staff of the department and immense help from the office staff are also acknowledged.

My sincere thanks are also due to Prof. Narendra Nath Dass, Ex-Director, IASST and Dr. Kanak Chandra Baruah, Ex-Director, Forensic Sciences Laboratory, Shillong for their advice and guidance in carrying out some of my experiments.

I express sincere gratefulness to Dr. Nandana Bhardwaj, DBT women scientist, IASST and Dr. Bijit Talukdar, Research Associate, IASST for their extended help,
support, advice and encouragement in every possible step during this work. I cannot forget to acknowledge my friend Elancharan who helped me a lot in every possible way.

Special thanks are also due to all my friends and lab mates Priyanka Dutta, Mousumi Saikia, Monikankana Kalita, Kishor Haloi, Mitali Deori, Kaustavmani Patowary, Rashmi Rekha Barua, Saranga Dutta, Anurupa Goswami, Sima Kumari, Anupam Bhattacharya and Khanindra Sharma for their selfless help, moral support and encouragement. I thankfully acknowledge Mr. Subrata Goswami, Mrs Juri Pathak and Mr. Bolin Das for their constant help leading to the completion of this work.

I pay my heartiest thanks to my mother Mrs Bibha Choudhury and father Dr. Labanya Charan Choudhury for their unconditional love, support and encouragement without which my journey would not have been possible.

Last but not least, I thank all my family members and other well-wishers whose name may not have been mentioned here but none have been forgotten.
