Acknowledgement

Apart from the efforts of me, personally the success of any project depends largely on the encouragement and guidelines of many others. First of all, I am grateful to the GOD, who had helped me to work towards the fulfillment of my objective.

I am highly grateful to Dr. D. Maheswar for his guidance and constant supervision as well as for providing necessary information regarding the project and also for their support in completing the project.

I also take this opportunity to express a deep sense of gratitude to Sri. Dr. Vinod Tibrewala, Chancellor & Chairperson of the JJT University who given this opportunity.

I sincerely thank Dr. Anjaneya Prasad, Professor in Mechanical Engineering Department, J.N.T. University, Hyderabad, for his support and continuous encouragement for completion of my research work.

I sincerely thank Dr. B. Durga Prasad, Professor in Mechanical Engineering Department J.N.T. University, Ananthapur, for his valuable suggestions for completion of my research work.

I also take this opportunity to express a deep sense of gratitude to Dr. Sanjay Madan, Professor, J.J.T. University his cordial support, valuable information and guidance, which helped me in completing this task through various stages.

I would like to express my special gratitude and thanks to Dr. S.K Yadav, Professor, J.J.T. University.

No Research can be completed without the help and support of family members. I must make special mention of my wife, Mrs. Sucharitha for her constant support & encouragement, helped me to carry out my Research smoothly.

A special gratitude I give to Mrs. Prithi Gogre whose contribution in stimulating suggestions and encouragement helped me to coordinate my project especially in writing this report.

Finally, I thank to all my colleagues and others who helped me in the timely production & neat execution of the thesis.

S. CHAKRADHAR GOUD
