ACKNOWLEDGEMENT

The Author wishes to acknowledge his gratitude to his guides Dr. Parimal Debnath and Dr. Gopal Chakrabarti, Department of Physical Education, Jadavpur University, for their valuable suggestions and guidance at each step in the successful completion of this study.

The scholar wishes to acknowledge his gratitude to Dr. Sudip Sundar Das, Head of the Physical Education Department, Jadavpur University, for providing him an opportunity to undertake this study.

Thanks are due to Dr. Pratyush Kumar Dey, part-time teacher of the Department of Physical Education, Jadavpur University for his timely help in the formulation of this study and calculation of the statistical analysis of data.

The scholar is specially indebted to Physical Education Teachers of 17 districts in West Bengal for their assistance and co-operation in administering the questionnaire.

Special and appreciable acknowledgements are also due to the different categories of people such as teachers (male and female), guardians (male and female), day labourers, business people and office goers, who acted as subjects of this study with their sincere and enthusiastic cooperation.

The research scholar sincerely extends thanks to all his colleagues, friends, relatives and assistant teachers of Secondary Schools of different districts of West Bengal for giving their valuable suggestions from time to time.
Acknowledgement of thanks are due to all staff, Librarian and the students of Physical Education Department of Jadavpur University for their timely help and cooperation towards completion of this study.

Thanks are also due to Librarian of National Library, Kolkata, Librarian of Kalyani University, Librarian of Calcutta University, Library of Laksmlibai National Institute of Physical Education (L.N.I.P.E.) for their sincere co-operation.

Last but not the least, the scholar is indebted to his family members for their cooperation and encouragement without which he could not complete this research work.

Siddhartha Roy Chaudhury
