Contents

GENERAL INTRODUCTION. 1-28

CHAPTER I.

CHROMOSOME ANALYSIS OF SARCOMA 180
WITH REFERENCE TO THE BANDING PATTERN.

I. Introduction : 29-33
II. Materials & Methods : 34-41
III. Observations :
   i. Chromosome Complements :
   ii. C-Band Profile
   iii. G-Band Profile
IV. Discussions : 48-58

Cont..ii.
CHAPTER II.

CYTOTOXIC EFFECT OF FU & FUdR ON
THE TUMOUR(S180) & HOST'S B.M. CELLS*

I. Introduction : 59-67
II. Materials & Methods : 68-71
III. Observations & Results : 72-86

A. Clastogenic Effect on S180 Cells
   i. Qualitative Study.
   ii. Quantitative Analysis.

B. Clastogenic Effect on Host's
   Bone Marrow Cells,
   i. Qualitative Study.
   ii. Quantitative Analysis.

C. Antimitotic Effect on S180 Cells :

IV. Discussions : 87-94

*Bone Marrow Cells

Cont.iii.
CHAPTER III.

EFFECT OF FU & FUDR ON THE MACROMOLECULAR CONTENTS OF THE TUMOUR (S18O) CELLS.

I. Introduction: 95-101

II. Materials & Methods: 102-109

III. Results:
   i. Effect on DNA Content: 110-117
   ii. Effect on RNA Content
   iii. Effect on Protein Content

IV. Discussions: 118-121

GENERAL DISCUSSIONS: 122-128

SUMMARY: 129-134
