“All praises and thanks are for the Almighty ‘ALLAH’ the one universal being’ who enlightened my life with the light of knowledge”

With immense pleasure and profound sense of gratitude, I would foremost like to express my heartfelt indebtedness to my supervisor Prof. (Dr.) Jamal M. Arif, (Consultant to the Vice Rector and Head, Department of Biochemistry, College of Medicine, University of Hail, Saudi Arabia and Ex-Head, Department of Biotechnology, Microbiology and Bioinformatics, Integral University, Lucknow, India), for the continuous inspiration, encouragement and support throughout my research and writing thesis. His broad knowledge, understanding, extraordinarily logical way of thinking and personal guidance have been the guiding light for my innovative thesis work. Sincere thanks for his detailed review, constructive criticism and excellent advice since the inception of the hypothesis till research and preparation of the thesis. I am extremely indebted to him for the scientific attitude he has installed in me which will definitely stand in all my future endeavors.

I wish to express my warm and sincere thanks to Prof. S.W. Akhtar, Vice-Chancellor, Integral University, Lucknow for his cooperation, loving support and allowing me to avail the essential infrastructure and library facilities. The dynamic personality and visionary thinking of Prof. Akhtar is truly a motivation in all future endeavors.

My sincere thanks are also to Dr. M. Imran Siddiqi, Scientist-E-I, Molecular and Structural Biology Division, Central Drug Research Institute, Lucknow, for his detailed and constructive comments, and for his important support throughout this work. His ideas and concepts have had a remarkable influence on my entire career in the field of Bioinformatics research. His extensive discussions around my work and interesting explorations in simulations have been very helpful in this study.

Besides this, I would like to thank Dr. Feroz Khan, Scientist, Metabolic & Structural Biology Division, CIMAP, Lucknow for offering me to work as a visiting research fellow
and giving me untiring help during my difficult moments. His kind support and guidance have been of great value in this study.

I also express my sincere thanks to the Chief Academic Consultant **Prof. S.M. Iqbal** and Pro-Vice Chancellor **Prof. T.A. Usmani** for continuous motivation and help in all attributes of research and academic work.

My warm regards also goes to **Dr. I.A. Khan**, Registrar, Integral University; Controller of Examination and Dean (Faculty of Applied Science) **Dr. Qazi Shaob Ahmad**, and Dy. Registrar (Academic) **Mr. Ghufran Ahmad** and **Mr. Yusuf Kidwai** for all the help and administrative support they provided me during my entire research.

I am extremely grateful to entire “**Family of Teaching and Technical Staff**” of the Department of Biotechnology, Microbiology and Bioinformatics, Integral University currently led by **Dr. Iffat Zareen Ahmad**. My vocab falls short to express my sense of gratitude and indebtedness for their care, love, support and motivation that they had given to me continuously during my entire tenure of research.

I love to thank all my **friends and fellow labmates** for the stimulating discussions, for the sleepless nights we were working together before deadlines, and for all the fun we have had in the tenure of research. Also I thank my friend **Dr. Shailendra S. Chaudhaery**, CDRI, Lucknow for guiding and enlightening me with the first glance of SAR research.

**Last but not the least,** I would like to thank my family: my father **Mr. Akhtar Husain (Advocate)**, my mother **Mrs. Zarina Akhtar** and my aunt **Ms. Mehrunisa**, for all their love, cooperation, understanding, motivation and supporting me spiritually throughout my life. Without their encouragement and understanding, it would have been impossible for me to even start or finish this work. My special gratitude is due to my sister **Ms. Iram Akhtar** and her family for their loving support. My loving thanks are due to all my relatives who complete my family.
The good wishes of all my well-wishers are gratefully acknowledged and sincere thanks to all the fellows who have helped me directly or indirectly in carving out the masterpiece of this thesis.
