

A C K N O W L E D G E M E N T S

The present work was carried out under the joint supervision of Dr. Dnyan Patil, Director, Academic Staff College, University of Pune and Dr. S. K. Guha, visiting Professor, University of Pune, Pune 411 007. I am extremely grateful to them for their invaluable guidance, timely help, support and encouragement at all the stages of this work.

I take this opportunity to offer my sincere thanks to Dr. S. S. Thigale, formerly Professor and Head, Department of Geology, University of Pune for providing all the necessary facilities. My special thanks are due to Dr. N. J. Pawar, Reader, Department of Geology, University of Pune for reviewing the chapter on chemistry of groundwaters. I am also thankful to the Head, Department of Environmental Sciences for providing computer facilities.

I am also thankful to Shri P. C. Jain, Chief Engineer and Shri D. C. Sharma, Chief Hydrogeologist, Ground Water Department, Government of Rajasthan, Jodhpur for the granting permission to me to undertake and complete this work.

Shri B. M. Datar, Department of Geology, drawn the figures and illustrations and I am thankful to him for his help.

I must record my sense of appreciation towards my parents and my mother-in-law for their continued support and encouragements. Their blessing were always with me, when I undertook the task of completing my Ph.D. thesis. At last but not the least, I express my deep sense of gratitude to my beloved wife Shikha and daughters Anindita and Soma, who supported me morally very strongly at all stages of this work .
