ACKNOWLEDGMENTS

I would take this opportunity to express my sense of gratitude to my supervisor Dr. Sudha Mahajan for her guidance, advice, encouragement, freedom at work and useful discussions throughout the period of this work.

My thanks to the present Dean, School of life Sciences, Prof. S. G. Mukherjee and former Deans Prof. Mohanty, Prof. M. Habibullah, Prof. P.C Keshawan for ensuring all the facilities to carry out this work.

I wish to thank Prof. P. Mohanty, especially for allowing me to use his laboratory facilities and for his useful academic tips both inside and outside the class rooms.

I am grateful to Prof. S. Doraiswamy, Chemical · Physics group, TIFR Bombay for providing me facilities to plan and carry out time resolved fluorescence decay experiments. I deeply appreciate Ishak who helped me during the measurements.

I thank Prof. S.P. Sinha (Bhagalpur University), Prof. Javed Ashraf, Prof. Sudhir Sapori, Prof. Rajendra Prasad, Prof. K. C. Upadhyay, Dr. C. Kumar and Dr. Alok Bhattacharya whose teachings and advice have been very useful and stimulating.

I am indebted to Prof. H. N. Singh, Central university Hyderabad, who has always encouraged me through his scintillating advice and fruitful discussions. I am also thankful to Prof. A. N. Rai for providing me useful academic information.

Bala and Sudhakar are friends whom I will remember for long for the kind of help they did extend to me during my research work. I have deep sense of appreciation for Sanjay Mishra, a friend who always came up with ready made help.

I duly appreciate the help extended by Andrew Lynn during the preparation of the manuscript. I also thank Maruthi, Shukla, Bhajan and Ajit for keeping a very cordial and working atmosphere in the lab.

I thank Mr. Saini for doing an excellent art work for this thesis. I also duly thank Ahmed saheb, Alex, Khan saheb, and Sharma jee for their technical assistance in the CIF.

Presence of Kumud and Rajkishore around reminded me always of my roots.

No words can express my deepest gratitude to Vijay and Seema for their encouragement and timely help.
I would also like to thank the following friends for their warmth, affection and help: Franky, Joshi, Vrushank, Acharya, Vivek, Swati, Devinder, Anu, Praveen, Rajeet, Jitender, Murthi, Niranjan, S.P. Singh and Ajay.

Dr. Paromita Roychoudhary and the National facility of Blue-Green Algae at IARI, New Delhi are gratefully acknowledged for providing cyanobacterial culture.

The UGC is gratefully acknowledged for providing me with a fellowship.

Apart from the people at the university, I am thankful to my parents, grandparents, uncles (Markandeya, Gouri Shankar, Sushil, Anil and Karu), Aunts, Shwet, Hiramani, Shantenu, Swati, Malay, Manjar and all my in-laws (Dadi, Mr. & Mrs. U. C. Jha and Mr. & Mrs. (Dr.) B. C. Jha) for their encouragement, patience and for giving me moral and practical support - to them, I owe my achievements.

Last but not the least to Padma (Daisy) for Hansa and for everything.
