

Acknowledgments

First of all, I would like to sincerely thank my supervisor Dr. Ruby Yadav, Reader, Department of Physics, Meerut College, Meerut, whose experience, advice, and guidance have been most helpful.

I must also thank Dr. Udit Narain, Reader (Retd), Astrophysics Research Group, Department of Physics Meerut College, Meerut (also former Senior Associate to Inter University Center for Astronomy and Astrophysics, Pune) for introducing me to the solar physics and giving me the opportunity to be a PhD student at the Solar Physics. I would also like to thank him for taking time from his busy schedules to meet with me to discuss the various scientific topics that are part of this thesis. With his guidance I have been able to fully develop my research skills that have lead to the completion of this thesis.

I shall failing my duty if I do not feel indebted to Prof. N. Gopalswamy (NASA/GSFC), Prof. Ashok Ambastha (USO, Udaipur), Prof. Wahab Uddin (ARIES, Naiital, India), Prof Ram Sagar (ARIES, Naiital, India), for their invaluable advice and encouragement during the course of these investigations. I have been benefited considerably by the extensive help rendered by Prof. Wahab Uddin to me in particular and too our Astrophysics Research Group, in general.

My sincere thanks are due to Professor A.K. Kembhavi (Director IUCAA) and other faculty members of Inter University Center for

Astronomy and Astrophysics, Pune for their ever constructive suggestions, kind cooperation, encouragement and help.

The library and computer facilities of Inter University Center for Astronomy and Astrophysics, Pune and ARIES (Nainital) have been freely used by me and that are where a major part of this research work have been conducted. I am also thankful to C.C.S. University, Meerut for providing library facilities. I thankfully acknowledge the open data policy of various missions like SOHO, LASCO, YOHKOH and NORH.

Thanks are due to IUCAA, Pune, ARIES, Nainital, for visiting and their warm hospitality during my stays and providing financial assistance during the course of these investigations.

I would like to grateful to Dr. H.P. Mittal (Retd. Principal, Meerut College), Dr. P.P. Aanad (Head), Dr. Pardeep Yadav, Dr. Satish Prakash, Shri Lalit Kumar and other faculty members of Physics Department, Meerut College, Meerut for their help and encouragement.

I am highly thankful to Dr. Rakesh Kumar Sharma, CSSS PG College, Machara Meerut, for going through the entire manuscript and giving useful suggestions. The good offices of the Vice-Chancellor and the Registrar, C.C.S. University, Meerut and the Principal, Meerut College, Meerut are also thankfully acknowledged for their kind cooperation.

I have been sustained in a multitude of ways by a number of my friends, especially, Tarif Rasid Santo at Bangladesh, Rachna Sharma and Joginder Sharma.

Last but not least I owe a great deal too almighty God, my parents and rest of my family members for their moral and emotional support. I am grateful to my hubby as he stood by me through the difficult times during all these years.

Thanks to all of you!
