

ACKNOWLEDGEMENT

* * * * *

The investigations embodied here, have been done under the active guidance and supervision of Dr. Pran Krishna Chakrabartty, Reader, Department of Microbiology, Bose Institute, Calcutta.

It is my great privilege to express my deep gratitude to him for his kind and continuous help, inspiration and keen interest in my work and having bestowed on me his valuable time during the entire course of studies, for which I feel greatly owed.

I offer my grateful thanks to Prof. A. K. Mishra, Ex-Dy. Director, Bose Institute and Prof. S. Ghosh, Dept. of Biochemistry for their valuable advice and encouragement during the course of this work. I convey my sincere regards to Prof. S. L. Chakraborty, Chairman, and to Prof. A. C. Ghose, former Chairman, Dept. of Microbiology for their interest in this work.

My sincere regards and heartfelt thanks go to Prof. P. Chakraborty, Director (Actg.) and to Prof. B. B. Biswas (Director retired) and Prof. S. K. Sen, former Director (Actg.) Bose Institute, Calcutta for providing me necessary research facilities in the Institute.

I also thank Council of Scientific and Industrial Research, New Delhi for providing me with a research fellowship.

I thank Dr. K. K. Mukherjee for providing me with necessary help in the field.

I am thankful to the entire technical staff of the Department and Regional Sophisticated Instrumentation Centre, Bose Institute for helping me throughout.

I am thankful to Mrs. Ila Biswas, Librarian and other staff members of the Bose Institute Library for their solicitous assistance.

Special thanks go to Mr. B. N. De Sarkar for typing the manuscript and to Md. S. Gazi for drawing the figures and doing the photographic works.

I thank sincerely to all the academic members of the Department and colleagues of the Institute especially to Dr. A. K. Halder, Mr. S. Manna, T. Sengupta, R. Sadhukhan, Mr. C. Deb, Dr. B. K. Mohanty, Dr. S. Jana, N. Roy, Dulal Panda and B. Bera for their help, encouragement, constructive criticisms during this investigation.

Last but not the least, making of this dissertation would not have received a morale booster but for the goading inspiration of Prof. S. P. Sen, Dr. S. K. Basak and
