List of Tables

Table 3.1: Some socio-economic Indicators of Murshidabad District in 2011 40
Table 3.2: Some Important Socio-economic Features of Sample Blocks and Districts 41
Table 3.3: Information on Operational Land Holdings in Survey Blocks of Murshidabad District 42
Table 3.4: Some General Information about the Sampled Households 44
Table 4.1: Traditional Small and Cottage Industries in Murshidabad 54
Table 4.2: Registered Small and Cottage Industries in Murshidabad 56
Table 4.3: Area and Production in Silk Industries in Murshidabad 60
Table 4.4: Some Information about Bidi Industries in Murshidabad 65
Table 5.1.1: Rural Work-force Participation Rate for West Bengal and India (Usually Employed in Principal and Subsidiary Status) 69
Table 5.1.2: District Level Rural Worker (Main) -Population Ratio in West Bengal for All Workers 71
Table 5.1.3: District Level Rural Worker (Main) -Population Ratio in West Bengal for Male Workers 72
Table 5.1.4: District Level Rural Worker (Main) -Population Ratio in West Bengal for Female Workers 73
Table 5.1.5: District Level Rural Worker (Main & Marginal) -Population Ratio in West Bengal for All Workers 74
Table 5.1.6: District Level Rural Worker (Main & Marginal) -Population Ratio in West Bengal for Male Workers 75
Table 5.1.7: District Level Rural Worker (Main & Marginal) -Population Ratio in West Bengal for Female Workers 76
Table 5.2.1: Percentage of Rural Non-Farm workers usually employed in Principal and Subsidiary Status in West Bengal and India 77
Table 5.2.2: Percentage of Non-Farm (RNFP) Workers (Main & Marginal) in Rural West Bengal 79
Table 5.2.3: Percentage of Non-Farm Male (RNFM) Workers (Main & Marginal) in Rural West Bengal 80
Table 5.2.4: Percentage of Non-Farm Female (RNFF) Workers (Main & Marginal) in Rural West Bengal  81
Table 5.3: Sector-wise Percentage Distribution of Rural Non-Farm Workers in West Bengal  82
Table 5.4: Correlation between District-wise Annual Growth Rates of Rural Non-Farm Workers (Male/ Female) and Annual Growth Rate of Agricultural Production  86
Table 5.5: District-wise Rate of Urbanization and percentage of Rural Non-Farm Workers in West Bengal  88
Table 5.6.1: Inter-correlation Matrix between proportion of Rural Non-Farm Workers and Its Determinants (1991)  94
Table 5.6.2: Inter-correlation Matrix between proportion of Rural Non-Farm Workers and Its Determinants (2001)  94
Table 5.6.3: Inter-correlation Matrix between proportion of Rural Non-Farm Workers and Its Determinants (Pooled Data for 1991 and 2001)  94
Table 5.6.4: Inter-correlation Matrix between proportion of Rural Non-Farm Male Workers and Its Determinants (1991)  94
Table 5.6.5: Inter-correlation Matrix between proportion of Rural Non-Farm Male Workers and Its Determinants (2001)  95
Table 5.6.6: Inter-correlation Matrix between proportion of Rural Non-Farm Male Workers and Its Determinants (Pooled Data for 1991 and 2001)  95
Table 5.6.7: Inter-correlation Matrix between proportion of Rural Non-Farm Female Workers and Its Determinants (1991)  95
Table 5.6.8: Inter-correlation Matrix between proportion of Rural Non-Farm Female Workers and Its Determinants (1991)  95
Table 5.6.9: Inter-correlation Matrix between proportion of Rural Non-Farm Female Workers and Its Determinants (Pooling data for 1991, 2001)  96
Table 5.6.10: Inter-correlation Matrix between proportion of Rural Non-Farm Workers and Its Determinants (2011)  96
Table 5.6.11: Inter-correlation Matrix between proportion of Rural Non-Farm Male Workers and Its Determinants (2011)  97
Table 5.6.12: Inter-correlation Matrix between proportion of Rural Non-Farm Female Workers and Its Determinants (2011)  97
Table 5.7: District-wise Poverty and percentage of rural non-farm Workers in West Bengal
Table 6.1: Dependence of Sample Households in the Non-Farm Sector
Table 6.2.1: Per Household Employment (in man-days) from the Farm and Non-Farm Sector
Table 6.2.2: Per Household Earnings (in thousand Rupees) from the Farm and Non-Farm Sectors
Table 6.3: Some General Information on the Explanatory Variables
Table 6.3.1: Regression of Proportion of Non-farm Income at the Household Level
Table 6.3.2: Regression of Rural Non-farm Employment at the Household Level
Table 6.4.1: Households’ Participation in Different Types of Non-Farm Activities
Table 6.4.2: Factors Determining Households’ Participation in High/Low Return Non-Farm Activities: Results of Binary Logistic Regression
Table 6.5: Sector-wise Distribution of All (Main & Marginal) Workers in Sample Regions
Table 6.6: Determinants of Sectoral Choice (Farm/Non-Farm) of Employment by the Rural Workers: Results of Binary Logistic Regression
Table 6.7.1: Sector-wise Distribution of Employment for All Workers (Main &Marginal)
Table 6.7.2: Determinants of Mode of Employment Chosen by the Workers in the Non-Farm Sector: Results of Multinomial Logistic Regression
Table 6.8: Percentage Distribution of the Non-Farm Workers in Different Sectors
Table 6.9: Percentage Distribution of Non-Farm Workers in Different Sub-sectors (Following 2-digit division of NIC-1998)
Table 7.1: Incidence of Poverty among Sampled Households
Table 7.2: Intensity of Poverty among Poor Households
Table 7.3: Binary Logistic Regression Results of Determinants of Poverty Status of the Sampled Households
Table 7.4.1: Decomposition of Income Inequality by Sources of Income
Table 7.4.2: Decomposition of Income Inequality by Sources of Non-Farm Incomes
Table 7.5.1: Regression of Per Capita Non-Farm Income on Some Household Level Characteristics
Table 7.5.2: Factor Contribution to Income Inequality in Rural Non-Farm Income
