ACKNOWLEDGEMENT

With deepest gratitude and respect I express my indebtedness to my guide Dr. Suniti Misra, Lecturer, Department of Marine Science, University of Calcutta for her valuable and active guidance, continuous supervision and constant encouragement during the entire course of my research work.

I am extremely grateful to Dr. Amitabha Ghosh, Reader, Department of Chemistry, Bose Institute, Calcutta for his unstinted help and valuable suggestions in all respect throughout the investigation and for providing me laboratory facilities to conduct my entire research work.

The encouraging inspirations and constructive suggestions rendered by Prof. Amalesh Choudhury, Department of Marine Science, University of Calcutta is gratefully acknowledged.

I am thankful to Dr. Yusuf Ali Jamadar, Head, Department of Marine Science, University of Calcutta for his keen interest during the work.

I am indebted to Mrs. Ila Biswas, Librarian, Bose Institute for providing me library facilities.

My special thanks goes to Mr. Prasanta K. Pal, Mr. Mrityunjay Gayen, Department of Chemistry, Bose Institute for their kind co-operation. I thank for the facilities provided by S.D. Marine Biological Unit, Sagar Island during my field work.
I appreciate with thanks Mr. Sukumar Maitra for his fast and accurate typing job and also Mr. Asutosh Sarkar for illustrating the figures of my thesis.

I acknowledge University Grants Commission for providing me the financial grants to conduct my research work.
