The Muslim Welfare Society is looking after the welfare of our people like, if there is any accidental / normal death, The Muslim Welfare Society arranged to send the dead body to their native place and also handover some cash for the immediate expenditure to their family. In case of accident the injured are also given financial help for their Medicine etc, as these people are daily earners. The Muslim Welfare Society is also planning to do needful thing for the uplift of the down trodden children also. The Muslim Welfare Society has also requested for an Ambulance to the Hon'ble President of India during his visit to Mizoram.

We would like to inform you that 90% of the Muslim Population in Mizoram are involved in Construction Works. As such the Muslim Welfare Society through its member will see that your Cement is used for all the Construction works in Mizoram.

Since, most of the people are daily earners it is difficult for us to collect regular fund from them and the Muslim Welfare Society is in debt now. So, we hereby request you to kindly give us some financial help.

Your kind assistance will be highly appreciated.

Thanking you.
