ACKNOWLEDGEMENT

I wish to express my sincere regard and gratitude to my supervisor Dr. Himanshu Ranjan Betal, Professor, Department of Geography, University of Calcutta, for his keen interest, constant encouragement, inspiring guidance, supervision and advice throughout the course of my research. This is due to his inspiration and encouragement that I could develop the spirit of learning which helped me in completing the research work.

I am grateful to Dr. P. Das, Professor and Head, Department of Geography, University of Calcutta, for his kind permission to allow me to undertake the research work in the Department and extending me all facilities for the investigation.

I am grateful to Mr. Dipankar Chatterjee for helping me to compose the matter on computer.

Acknowledgement is due to Dr. Asit Kr. Sarkar, Head, Digital Mapping and GIS Division, NATMO, for advising me towards cartographic representation for the investigation.

I am thankful to all the faculty members of the Department of Geography, University of Calcutta for their kind co-operation and encouragement in carrying out this work.

I am grateful to the authorities of the various government departments of Tripura viz. Directorate of Census Operations, Directorate of Education (School and Higher), Department of Health and Family Welfare, Directorate of Economics and Statistics, Department of Agriculture, Soil Survey Office, Soil Conservation (Tripura Division), I.C.A.R., Department of Forestry, Public Works department, Directorate
of Transport and Government Tourism Office, etc. for providing me the necessary information and data, which helped me immensely in completing the present work.

I am also thankful to the various departmental librarians and university library of Tripura. Special thanks go to the librarian, University of Calcutta for allowing me to use the Departmental Library.

I am also thankful to my all colleagues, Women’s College, Agartala, for encouraging the present work. I am particularly indebted to Mrs. Shova Debbarma, Principal, Women’s College, Agartala for permitting me to undertake the research project.

It gives me immense pleasure to express my deepest sense of gratitude to my husband, Dr. Tapan Kumar Das, for encouraging me to complete this task. Special mention is to be made to my dear sons Tupai and Tunai for their support and sacrifice in this great endeavour. Without which it would have been impossible to reach my goal.

Last but not the least, I should thank to all those directly or indirectly related to this work whose names are not mentioned here.
