ACKNOWLEDGEMENT

This work has been carried out as a U.G.C. Fellow (Junior) in affiliation with the University of Calcutta under the supervision of Dr. Krishnagopal Goswami, M.A., P.R.S., Ph.D., F.R.A.S. (Lond), Smritimamsatirtha, Vidyavacapsati, Asutosh Professor and Head of the Department of Sanskrit, Calcutta University, whose valuable guidance I record with a deep sense of gratitude.

I owe much to the kindness of Dr. S. Ghosal of the Calcutta University (Sanskrit Department), who ungrudgingly helped me in translating German into English. I should be ungrateful were I not to acknowledge the assistance derived from many valuable suggestions made by Dr. Jogiraj Basu, formerly Head of the Department of Sanskrit of the Gauhati University, which helped me to review some of the chapters.

No acknowledgement to this work would be complete without recognizing here the great support I received from Sri A.K. Roy, formerly of National Library, Calcutta and ex-Lecturer, Jadavpur University, in procuring for me many rare books on the subject.
I also record my thanks to the University Grants Commission and the University of Calcutta for selecting me as a Junior Research Fellow and extending the facilities to carry out the present study.
