ACKNOWLEDGEMENTS

I express my deep sense of gratitude to Dr. S.C. Mukhopadhyay, M.Sc., Ph.D., D.Sc.(Cal), Ex-Head of the Department of Geography, Calcutta University for his counsel, guidance and constant supervision to complete the present research work.

I am also grateful to Dr. A. K. Ghosh, M.Sc., Ph.D., Retd. Director of Environment Monitoring Wing, Zoological Survey of India, Calcutta, for his active encouragement, suggestions and constant help rendered to me.

I am thankful to Professor K. Bagchi, M.Sc., Retd. Head of the Department of Geography, Professor B. Banerjee, M.A., D.Lit., Professor S.K. Munshi; M.A. and M.K. Bandhopadhyay, M.Sc., Ph.D. of Department of Geography. I also thank my friend Dr. Uttam Mukherjee, M.Sc., Ph.D., Lecturer of Vidyasagar College, for providing me valuable help.

I express my heartfelt thanks to the institutions and organisations like Geological Survey of India, Calcutta, Central Ground Water Board, Calcutta, Institute of Landscape Ecology And Ekistics, National Atlas And Thematic Mapping Organisation, Institute of Local Government And Urban Studies, Calcutta, Calcutta Municipal Corporation,
The Institute of Wetland Management And Ecological Design, Calcutta for providing me with valuable data and information.

I am specially thankful to various Departments of Calcutta Metropolitan Development Authority (CMDA). I acknowledge the kind help provided to me by Mr. Nisith Som and Mr. Amitabha Basu for providing me with the basic data, maps and important informations.

I thank the entire Department of Geography, my friends and well-wishers whose support and encouragement helped to complete the present thesis work.

Department of Geography, The University of Calcutta, Calcutta – 700 019.  
Suchismita Ghosh
