LIST OF TABLES

Table 1: Police Station-wise population density, gender proportion and proportion of literates 72

Table 2: Police Stationwise Percentage of Main Workers, Marginal Workers and Non-workers 73

Table 3: Police-stationwise distribution of Areas, Houses and Housing density 74

Table 4: Subdivision-wise Major Crime Rate and Crime Density in the District (1996-2005) both Barrackpur and Barasat subdivisions 76

Table 5: Annual Variations in the Percentages of Three High-Rate Crimes (1996-2005) in Barrackpur and Barasat subdivisions 77

Table 6: Police-stationwise Distribution of Three Dangerous Crimes in Barrackpur and Barasat Subdivisions (1996-2005) 78

Table 7: Computed Data for Inter Variable Correlations (Urban and Rural Data) 82

Table 8: Computed Data for Multiple Correlation and Regression Analysis (Urban and Rural Data) 82

Table 9: Findings of Inter-Variables Correlation Analysis between Three Poor Environment Indicators and Three Dangerous Crimes (Rural Area) 83

Table 10: Findings of Inter-Variables Correlation Analysis between Three Poor Environment Indicators and Three Dangerous Crimes (Urban Area) 84

Table 11: Findings of Multiple Correlational Analysis and Regression Coefficients with Three Poor Environment Indicators and Three Dangerous Crimes in Urban and Rural Areas of the District 85
List of Tables (Contd...)

Table 12: Crime Density (For Three Dangerous Crimes) of two Far and two Near Micro-Spaces from their respective Macro-spaces – Barrackpur and Barasat

Table 13: Relevant Information for the Selected Near and Far Micro-spaces Regarding their ‘Possibility Index’ and ‘Poor Environment’ Status.

Table 14: Sign-Test Treatment with Possibility Index Data

Table 15: Population density, Illiteracy, Unemployment and Crime Data of the Seven Police Station Areas Selected for Safe-Space Study

Table 16: Rank-Order Correlation between Crime-Density and Safe-Life Perception of the Dwellers of Different Localities
