LIST OF TABLES AND ILLUSTRATIVE MATERIALS

LIST OF TABLES

2.1 Geological set-up of Raniganj Coal-field.
2.2 Vegetation of Ajay Damodar Interfluve, Asansol Subdivision.
2.3 Characteristics of soil series associations
2.4 Decadal growth of population in Ajay Damodar Interfluve, Asansol Subdivision.
2.5 Density of population in Ajay Damodar Interfluve, Asansol Subdivision 1991.
2.6 Rural density of population of Ajay Damodar Interfluve, Asansol Subdivision 1991.
2.8 Analysis of density of population in Ajay Damodar Interfluve, Asansol Subdivision, 1991.
3.1 Different Land use classes of Ajay Damodar Interfluve, Asansol Subdivision.
3.2 Shift of land from agricultural to non agricultural use in Ajay Damodar Interfluve, Asansol Subdivision.
4.1 Geomorphic Surfaces of Ajay Damodar Interfluve, Asansol Subdivision.
4.2 Morphometric analysis of different morphological units
4.3 Physical characteristics and existing land use of three geomorphic surfaces.
5.1 Correlation matrix for surface I, II and III
5.2 Correlation Coefficient table.
5.3 Covariance and variance for surface I, II and III. (when Y₁ = cultivation)
5.4 Regression coefficients of surface I, II and III (when Y₁ = cultivation)
5.5 Covariance and variance for surface I, II and III (when Y₂ = forest)
5.6 Regression coefficients of surface I, II and III (when Y₂ = forest)
6.1 Large scale industries in Ajay Damodar Interfluve, Asansol Subdivision.
6.2 Components of environmental problems in Ajay Damodar Interfluve, Asansol Subdivision.
6.3 Soil sample analysis in three major OCP(s) of Ajay Damodar Interfluve, Asansol Subdivision.
6.4 Status of subsidence in Ajay Damodar Interfluve, Asansol Subdivision.
6.5 Status of unsafe areas in Raniganj Coal-field.
6.6 Decline in population in some villages, Ajay Damodar Interfluve, Asansol Subdivision.
6.7 Major areas and abatement of mine fires in Ajay Damodar Interfluve, Asansol Subdivision.
6.8 Source, nature, quantity and disposal method of solid waste in different industries, Ajay Damodar Interfluve, Asansol Subdivision.
6.9 Domestic solid waste in Ajay Damodar Interfluve, Asansol Subdivision.
6.10 Surface water contamination in Ajay Damodar Interfluve, Asansol Subdivision.
6.11 Depth of watertable (m.b.g.l.) of Ajay Damodar Interfluve, Asansol Subdivision.
6.12 Average depth of ground water level (m.b.g.l.) in pre-monsoon and post-monsoon regime (1982–95), Ajay Damodar Interfluve, Asansol Subdivision.
6.13 Estimated and residual values of ground water level (m.b.g.l.) for pre-monsoon period of Ajay Damodar Interfluve, Asansol Subdivision.
6.14 Estimated and residual values of ground water level (m.b.g.l.) for post-monsoon period of Ajay Damodar Interfluve, Asansol Subdivision.
6.15 Average depth of ground water (m.b.g.l.), 1983–1995, in Ajay Damodar Interfluve, Asansol Subdivision.
6.16 Chemical constituents present in ground water of Ajay Damodar Interfluve Asansol Subdivision.
6.17 Risk estimation of drinking water of mine sites in Ajay Damodar Interfluve, Asansol Subdivision.
6.18 Ambient air quality at few location in Ajay Damodar Interfluve, Asansol Subdivision.
6.19 Comparative size of dust particles for health significance.
6.20 Source and existing treatment facilities for atmospheric effluents from various industries of Ajay Damodar Interfluve, Asansol Subdivision.
6.21.A OCP noise level near residential sites of some mines
6.22 Ambient air quality in Ajay Damodar Interfluve, Asansol Subdivision.
6.24 Result of 400 sample survey on four major towns – Burnpur, Asansol, Raniganj and Kulti regarding residential preference.
6.26 Amount of Coal locked under different structures, Raniganj Coal-field.
7.1 Approximate market value and amount of forest product from different species of plant at different ages.
7.2 Rehabilitation of mine overburden and industrial waste heaps.
7.3 Possible land use pattern to be adopted over industrial and mining waste heaps.
8.1 Changing size of population, Raniganj P.S. (1951–2001)
8.4 Sex composition, Raniganj P.S., (1951–2001)
9.1 Affected areas by mining activity in Ajay Damodar Interfluve, Asansol Subdivision
9.2 Loss of cultivable land due to coal-mining (in sq. km.)
9.3 Occurrence of some mining hazards in Ajay Damodar Interfluve Asansol Subdivision.

LIST OF FIGURES

1.1 Location Map of the Ajay Damodar Interfluve, Asansol Subdivision.
1.2 Police Stations of the Ajay Damodar Interfluve, Asansol Subdivision
2.1 Geological Map of Raniganj Coal-Field area.
2.2 Average slope Map of the Ajay Damodar Interfluve, Asansol Subdivision.
2.3 Drainage Map of the Ajay Damodar Interfluve, Asansol Subdivision.
2.4 Hydro-geological Map of Ajay Damodar Interfluve, Asansol Subdivision.
2.5 Soil distribution in Ajay Damodar Interfluve, Asansol Subdivision.
2.6 Decadal growth of population of Ajay Damodar Interfluve, Asansol Subdivision (1951–2011).
2.7 Density of population in different police stations of Ajay Damodar Interfluve, Asansol Subdivision.
2.8 Rural and urban population in Ajay Damodar Interfluve, Asansol Subdivision.
3.1 Land use Map of Ajay Damodar Interfluve, Asansol Subdivision.
3.2 Land use classes of Ajay Damodar Interfluve, Asansol Subdivision.
4.1 Geomorphic Surfaces in Ajay Damodar Interfluve, Asansol Subdivision.
5.1 Values of geomorphic variables of Surface I.
5.2 Values of land use variables of surface I
5.3 Values of geomorphic variables of surface II
5.4 Values of land use variables of surface II
5.5 Values of geomorphic variables of surface III
5.6 Values of geomorphic variables of surface III
5.7 Comparison of three surfaces with respect to correlation coefficients of 28 pairs of variables of Ajay Damodar Interfluve, Asansol Subdivision.
6.1 Coal bearing seams and coal-pits in Ajay Damodar Interfluve, Asansol Subdivision.
6.2 Coal mining areas of ECL, BCCL and IISCO in Ajay Damodar Interfluve, Asansol Subdivision.
6.3 Major industries in Ajay Damodar Interfluve, Asansol Subdivision.
6.4 Environmental problems in Ajay Damodar Interfluve, Asansol Subdivision.
6.5 Quality of drinking water as per the probable number of coliaerogenes organism per 100 ml. of original water in Ajay Damodar Interfluve, Asansol Subdivision.
6.6 Elevation Map of Ajay Damodar Interfluve, Asansol Subdivision.
6.7 Average pre-monsoon water level in Ajay Damodar Interfluve, Asansol Subdivision.
6.8 Average post-monsoon water level in Ajay Damodar Interfluves Asansol Subdivision.
6.9 Correspondence between elevation and pre-monsoon water level in Ajay Damodar Interfluve, Asansol Subdivision.
6.10 Correspondence between elevation and post-monsoon water level in Ajay Damodar Interfluve, Asansol Subdivision.
6.11 Correspondence between elevation and depth of pre-monsoon water level.
6.12 Correspondence between elevation and depth of post-monsoon water level.
6.13 Average depth of ground water level (m.b.g.l.) in pre-monsoon and post-monsoon season (1983–1995)
6.14 Coal locked under different structures in Raniganj Coal-field.
7.1 Potential land use map of Ajay Damodar Interfluve, Asansol Subdivision.
8.1 Location Map of Raniganj P.S.
8.2 Location of collieries in Raniganj P.S.
8.3 Population increase in Raniganj P.S. (1951–2001)
8.4 Variation of rural and urban population in Raniganj P.S. (2001)
8.6 Sex composition of population in Raniganj P.S. (1951–2001)
8.7 Proposed land use of satellite township, Mangalpur.
