ACKNOWLEDGEMENT

I express my sincere gratitude to Professor A.K. Duttagupta for his guidance throughout this investigation and for his valuable suggestions and comments and meticulous reading of this thesis.

I would like to extend my gratitude to all the former and present Head of the Department of Zoology, University of Calcutta for providing me with the laboratory facilities.

I would like to take privilege to acknowledge Prof. A.S. Mukherjee for his valuable suggestions and encouragement during this investigations.

My hearty thanks are due to all my lab members who were generous enough to extend their co-operation during my research work.

Thanks are also due to the Headmistress and all other colleagues specially Anjana Bose, Sabita Saha, Malina Bose and Reba Biswas of my school, Chandravag Sreekrishna Girls' School, Howrah for their co-operation and continuous help.

The encouragement of my husband Dr. Jayanta Kumar Kundu was the principal source of inspiration.

The financial assistance of University Grants Commission, Government of India is thankfully acknowledged.

Finally I express my thanks to Dr. Satyam Kumar Kundu for careful typing the thesis.

(Nandita Manna)
