List of Tables

1.1 Integration targets of some bacteriophages
3.1 Similarity of Int$^{PIS136}$ with PDB structures
3.2 Fragments Used for Sequencing C5
3.3 Similarity of Int$^{PIS136}$ with Integrases identified by BLAST search
5.1 Sizes of the fragments obtained by the digestion of pR1 and pR2
5.2 Restriction fragments of pR1 and pR2, comparison of sizes calculated from gel and final map
6.1 Fragments Used in DNA-Protein Interaction Assays
