INTRODUCTION	3
I Effect of Phytochemicals on Growth, Metamorphosis and endocrine functions of <i>T. miratus</i> .	
1. Effect of Neem Kernel extracts on morphogenesis and vitellogenic oocyte development in <i>T. miratus</i> .	20
2. Influence of phytochemicals on the total protein content of Fat body, Ovary and Haemolymph of <i>T. miratus</i> .	34
3. Effect of Azadirachtin on haemolymph ecdysteroid levels and oocyte development in <i>T. miratus</i> .	45
4. Influence of Azadirachtin on the intermediary metabolism of <i>T. miratus</i> .	58
II Influence of vertebrate steroids on intermediary metabolism of <i>T. miratus</i> .	
5. Effect of Estradiol - 17 - β and progesterone on some aspects of metabolism in <i>T. miratus</i> .	71
III Influence of vertebrate peptides on intermediary metabolism and ovarian development.	
6. Effect of Human Insulin on the intermediary metabolism of <i>T. miratus</i> .	86
7. Effect of thyroxine on ovarian development and intermediary metabolism of <i>T. miratus</i> .	101
