STUDIES ON THE EFFECTS OF HYDRAZINE OR
PHENYLHYDRAZINE ON CERTAIN ASPECTS
OF ASCORBIC ACID METABOLISM

THESIS SUBMITTED
FOR THE DEGREE OF DOCTOR OF PHILOSOPHY (SCIENCE) OF THE
UNIVERSITY OF CALCUTTA

UNDER THE GUIDANCE OF
AJAY KUMAR CHATTERJEE, Ph D , P R S ,
LECTURER IN PHYSIOLOGY, UNIVERSITY OF CALCUTTA

KASTURI SEN GUPTA
DEPARTMENT OF PHYSIOLOGY
UNIVERSITY OF CALCUTTA
JULY, 1977
The authoress takes great pleasure in expressing appreciation for the advice, suggestion and encouragement which she received, while undertaking the present investigation, from Prof. C. Deb, Head of the Department of Physiology, University of Calcutta, and Dr. B.B. Ghosh, Reader in Physiology, University of Calcutta.

The authoress is thankful to all her research colleagues and friends, and staff of the Department of Physiology, University of Calcutta, for extending co-operation in various ways during the investigation.

Lastly, the financial assistance provided by the Council of Scientific and Industrial Research, New Delhi, is gratefully acknowledged.
