ACKNOWLEDGEMENT

I express my sincere gratitude and indebtedness to Prof. C. K. Sarkar, H.O.D. and Prof. R. Nandi, ETCE Department, JU for their constant encouragement, helpful suggestions and kind interest throughout my research. Without their cooperation and help it would not have been possible for me to submit the thesis.

I would like to thank heartily Prof. D. Saha, IIM Calcutta and Prof. U. Maulik, CSE Department, JU for their constant encouragement and providing all necessary technical assistance to make my endeavor a success.

I deeply acknowledge the encouragement and cooperation offered by other faculty members of my department, particularly Prof. A. K. Bandyopadhyay, Prof. S. K. Sarkar, Prof. S. K. Sanyal, Dr. S. K. Sarkar and Dr. C. Bose.

I would also like to thank all the members of my research team, especially Utpal (U. Biswas), Anirban (A. Mukhopadhyay) and Kuntal (K. Roy) for their help in different stages of development of this thesis.

It will remain incomplete if I do not mention the name of my friend Anupam (Dr. A. Karmakar, Calcutta University) who was always ready to solve my silly personal as well as technical problems.

I express my heartfelt gratitude to my wife Goutami for sharing with me the moments of happiness as well as frustrations and making me free from all day-to-day works during the entire period of my research. Finally, special thanks to my son Soumya and daughter Smitakshi for allowing me to spend most of my time in the department rather than at home.

July, 2006 .................................
