## CONTENTS

**List of Tables**  
**List of Figures**  
**List of Appendix table**  
**List of Abbreviations**  

### CHAPTER 1: INTRODUCTION

1.1 The Background  
1.2 Nature of Problem  
1.3 Need for the Research  
1.4 Newness of the Present Study  
1.5 Research Objectives  
1.6 Organisation of the Thesis  

### CHAPTER 2: SURVEY OF THE LITERATURE  

### CHAPTER 3: TREND IN AGRICULTURAL WAGES  

3.1 Review and Importance of Agricultural Wages  
3.2 Period of Study  
3.3 Sources of Wage Data  
3.4 Agricultural Wages in India (AWI)  
3.4.1 Money Wages  
3.4.2 State-wise Money Wages  
3.4.3 Advantages of the AWI  
3.4.4 Limitations  
3.5 Methodology Applied in Estimating Real Wages  
3.6 Trends in Money Wages  
3.6.1 Growth Rate of Money Wages  
3.7 Growth in Consumer Price Index for Agricultural Labourers (CPIAL)  
3.8 Trends in Real Wages at All-India level  
3.8.1 Levels and Trends in Real Wages at State Level  
3.8.2 State-wise Trends in Real Wages  
3.8.3 Growth in Real Wages  
3.9 Structural Break in Real Wages  
3.9.1 Structural Changes Impacting the Agriculture Sector and Agricultural Workers  
3.9.2 Methodology of Testing for Structural Change in Real Wages  
3.10 Results and Interpretations  
3.11 Inter-State Disparities  
3.11.1 Empirical Estimation  
3.12 Summary
CHAPTER 4: DETERMINANTS OF REAL WAGES

4.1 Important Theories or Hypothesis of Wage Determination
   4.1.1 Lewis-Ranis-Fei’s Efficiency Wage Model
   4.1.2 Labour Turnover Model
   4.1.3 NeoClassical Model
   4.1.4 Interlinkage Model
   4.1.5 Inter-Regional and Inter-Temporal Differences

4.2 Factors Explaining Variation in Real Wages: The Background

4.3 Determinants of Real Wages: An Analysis of the Variables
   4.3.1 Output per worker
   4.3.2 Diversification
   4.3.3 Net sown Area Per thousand worker
   4.3.4 Irrigation

4.4 Data Description, Estimation of Variables and Data Adjustment
   4.4.1 States Covered
   4.4.2 Data Description
   4.4.3 Estimation of the Value of Agricultural Output
   4.4.4 Methodology Adopted in Estimating Total Agricultural Workers

4.5 Models and Results
   4.5.1 Specification of Models
   4.5.2 Limitations of Pooled OLS Estimates
   4.5.3 The Fixed Effect Model
   4.5.4 The Random Effect Model
   4.5.5 Estimation of Determinants of Agricultural Real Wages

4.6 Summary

CHAPTER 5: STATE-WISE ANALYSIS OF REAL WAGE:
   A BOUNDS TESTS APPROACH TO COINTEGRATION

5.1 Analytical Framework
   5.1.1 Model Specification
   5.1.2 Data Description

5.2 Stationarity Test

5.3 Bounds Tests Approach to Cointegration
   5.3.1 Bounds Tests for Cointegration

5.4 General-to-Specific Model: F-Test

5.5 Long-run Estimates

5.6 Error Correction Mechanism

5.7 Diagnostic Test

5.8 Testing for Structural Break in the Model: Stability Test

5.9 Summary
CHAPTER 6: SUMMARY AND CONCLUSION

6.1 Outline of the study 160
6.2 Summary of findings 166
6.3 General Conclusion 170
6.4 Policy Implications 171

BIBLIOGRAPHY 190
