Thanking the people especially friends are difficult. A note of thanks seems so inadequate because of the memory created in their company. I owe my heartiest thanks to most near heart friend Poonam Singh to upgrade the level of confidence in research and personal life. She is always inspiring me as a classmate since my college days. Though we are far away but I feel her presence always with me. I am deeply indebted to my friends Anuradha Yadav, Shailja

Sumitra Devi, Mother in Law Reshmi Yadav, Uncle Dr. Sarvanand Singh Yadav, Brother Dr. Amit Kumar Yadav and all other family members for conferring their love, affection and for their indefatigable encouragement and patience during the course of this study, without their support this work would not have shaped up the way it has.
