ACKNOWLEDGEMENT

Thanks to Almighty God for his benevolent blessing and for giving me the opportunity to express my debt towards loved ones. All praise to Almighty God, with whose grace, I was able to carry out this thesis successfully under the supervision of my teachers and mentors.

It is my privilege to express my deepest gratitude to my guide Dr Anil Kumar Rastogi, Ex-Head & Scientist G, Division of Biochemistry, CDRI, for his constant support, encouragement, immensely valuable ideas and for having an unwavering attention. My association with him has also taught me to appreciate the value of patience, sustained tolerance and above all humility in the development of healthy scientific environment and temperament.

I wish to thank and express my deepest regards to my supervisor Dr Arvind K. Srivastava, Assistant Director, Division of Biochemistry, CDRI for his deep interest, immensely valuable suggestions, constant encouragement and sound criticism during the course of this study. I gratefully acknowledge his untiring guidance and intelligent attention at every step, which has vastly upgraded my knowledge and investigations.

I attribute my sincere thanks to Dr C.M. Gupta, Director, CDRI for providing me the necessary facilities and support throughout the period of my study.

I am grateful to Dr J.K. Saxena, Head, Division of Biochemistry, CDRI for giving me necessary facilities, generous help and support.

I wish to extend my sincere gratitude to my teachers Dr G.B.K.S. Prasad, Dr Y.K. Jaiswal, Dr Nalini Srivastava and Dr Poornima Kishore of Jiwaji University, Gwalior for their valuable suggestions, encouragement and blessings.

I owe a great debt to my senior colleagues Drs Savita, Deepak, Samir and Dr Uday Bandyopadhyay for their suggestions, amicable help and cooperation.

I bestow my deep sense of gratitude to my colleagues Rehan, Sapna, Kavita, Priti and Rumana for giving wonderful company, unforgettable affection and extending their unconditional help whenever required and always keeping a cordial and enjoyable environment.

I can not forget the ungrudged help, untiring support and wonderful time together with my friends and colleagues Neeraj, Akhilesh, Poornima, Sohail, Rahul, Ram Krishna, Sandeep, Sanjeev, Mukul, Saquib, Shalini, Anil, Vinay, Mithu, Iti, M. Satyanarayana, Lalit, Farhan, and all my batchmates.

I acknowledge the technical assistance from Suresh ji for his much needed help all along. Daily lab chore helps from Subhash are also acknowledged.

My sincere appreciation goes to the entire CDRI faculty and the staff members who were ever helpful when approached and for providing good working atmosphere.

I acknowledge with sincere regards and love to my parents and family members, especially my Dau ji for their constant blessings, love, moral support and affection that bolstered me all the way during my studies.

There is no word to pay gratitude to my beloved brothers who brought me till here.

The financial support in terms of fellowship provided by CSIR is gratefully acknowledged.

Finally, I look upon those researchers whose life and works always motivate me and make me aware of my responsibilities toward making the world a better place to live in.

Brajendra Kumar Tripathi
