

## **LIST OF TABLES**

- 1.1 Temperature, relative humidity and air pressure
- 1.2 Monthly variability of rainfall
- 2.1 Characteristics of Population (1991)
- 2.2 Population growth (Decennial), Literacy and sex-Raton
- 2.3 Population growth (Barsathi Block)
- 2.4 Spatial distribution of Occupational structure
- 2.5 Age -structure
- 2.6 Settlement and house density
- 2.7 Village size in term of area (1991)
- 2.8 Population size of the villages
- 2.9 Spatial Characteristics of Rural Settlement
- 3.1 Land Use Pattern (Barsathi Block)
- 3.2 Cropping Intensity
- 3.3 Land Use efficiency
- 3.4 Land Use efficiency
- 3.5 Cropping Pattern
- 3.6 Irrigated Area (Hectare) by different means of Irrigation and intensity of irrigation.
- 4.1 Live stock population (1999)
- 5.1 Service centers of Barsathi Block: Centrality and Hierarchy
- 5.2 Functional Groups of Functions
- 5.3 Hierarchy of Service Centers
- 5.4 Spatial Characteristics of Service Centers
- 6.1 Possible change in land use pattern (Barasthi Block)

- 6.2 Irrigation schedule for common crops
- 6.3 Response irrigation to wheat production
- 6.4 Nutrients consumed by different crops
- 6.5 Estimated production of local and H. Y. V seeds and recommended varieties.
- 6.6 Crosswise norm of per hectare H. Y. V. seed requirement
- 6.7 Requirement of H. Y. V. Seeds of different crops for 2021 AD
- 6.8 (a) Spatial characteristics of service centers
  - (b) Spatial characteristics of service ventures proposed 2021 AD.
- 6.9 Socio-economic facilities Existing and Proposed.
