

# INDEX

| S.N.                              | CONTENTS                 | Page No. |
|-----------------------------------|--------------------------|----------|
| ♦                                 | Acknowledgement          | I-II     |
| ♦                                 | List of Research Paper   | III      |
| ♦                                 | Preface                  | IV-VI    |
| 1.                                | Introduction             | 1-8      |
| 2.                                | Materials and Methods    | 9-15     |
| 3.                                | Observations             | 16-88    |
| <i>Ompak bimaculatus</i>          |                          |          |
| a.                                | LC <sub>50</sub> Values  | 16-18    |
| b.                                | Macroscopic Observations | 18-19    |
| c.                                | Microscopic Observations | 19-52    |
| <i>Gill</i>                       |                          |          |
| •                                 | Gill Arch Region         | 19-32    |
| •                                 | Gill Filament Region     | 32-36    |
| •                                 | Gill Lamellar Region     | 36-40    |
| <i>Epidermis</i>                  |                          |          |
| •                                 | Epithelial cells         | 41-45    |
| •                                 | Mucous Cells             | 45-49    |
| •                                 | Club cells               | 49-52    |
| •                                 | Amplullary Organs        | 52       |
| <i>Lepidocephalichthys guntea</i> |                          |          |
| a.                                | LC <sub>50</sub> Values  | 53-55    |
| b.                                | Macroscopic Observations | 55       |
| c.                                | Microscopic Observations | 56-88    |
| <i>Gill</i>                       |                          |          |
| •                                 | Gill Arch Region         | 56-63    |
| •                                 | Gill Filament Region     | 63-71    |
| •                                 | Gill Lamellar Region     | 71-77    |
| <i>Epidermis</i>                  |                          |          |
| •                                 | Epithelial cells         | 78-82    |
| •                                 | Mucous Cells             | 82-84    |
| •                                 | Club cells               | 85-88    |
| 4.                                | Discussion               | 89-103   |
| 5.                                | Summary                  | 104-107  |
| 6.                                | Literature Cited         | 108-134  |
