

## **PREFACE**

*At the outset I sincerely bow my head to my revered Guru, Ex. Principal and Ex. Vice-chancellor of Purvanchal University Dr. Vijai Pratap Singh whose matchless motivation and priceless inspiration towards me to this effect beggars description by any reckoning.*

*I am highly beholden to the incumbent principal Dr. Praveen Kumar Singh who helped me in all possible ways for envisaging the consummation of this work.*

*I express my deeply felt gratitude to my revered guide Dr. Jitendra Pratap Singh whose inimitable direction and guidance helped me for the completion of this work. I, really owe to him beyond description.*

*I am also indebted to Dr. N. B. Singh, the Head of the Chemistry Department, who obliged me by giving me the much needed support off and on in the process of my research work.*

*I am obliged to Dr. Raj Narayan Singh, Dr. K. N. Singh, Dr. T. Singh, Dr. Anil Kumar Singh and all other staff members of the college whose priceless support proved*

*to be boon for me in addressing those hiccups that arose in the context of realizing the dream of endowing myself with the Ph.D. degree in Chemistry.*

*I can never forget the fatherly treatment of Sri Ram Awadh Singh, the Librarian who also supported and cooperated me very often through his library help. How can I forget Mr. Ravindra Singh and Mr. Sanjay Singh who helped me and encouraged me at every step of this work. I also express my sense of gratitude to them.*

*I would be committing Himalayan blunder if I fail to express my indebtedness to Dr. Vinod Kumar Rai, my father and my mother Smt. Durga Kumari Rai without whose contribution I would have been nowhere.*

*And last but not the least is Mr. Desh Ratna Dwivedi who made me grateful forever through his nice typing and printing works notwithstanding his brotherly treatment towards.*
