

## ACKNOWLEDGEMENT

First of all, I would like thank to my beloved parents **Mr. P. Thangavel** and **P. Lakshmi**, for giving me a strength and support to my hand and ultimate freedom in my life. My heartfelt thanks to my PhD advisor **Dr. V. Gunasekaran**, Assistant Professor at the department of Materials Science, Central University of Tamil Nadu, Thiruvarur, for the best research guidance and teaching in every part of the research work. Without his guidance, I believe that I cannot accomplish this research mission successfully.

My sincere thanks to our university founders and chancellors Late **Dr. D. G. S. Dhinakaran** and **Dr. Paul Dhinakaran** for providing such a wonderful research facility. I respectfully thank to vice chancellor **Dr. M. J. Xavier** and the Registrar **Dr. C. Joseph Kennedy** for their encouragement. I highly thank to **Dr. Daphy Inbasekar**, HOD, Department of Science and Humanities for the successful completion of this project work.

I also wish to extend my sincere thanks to **Prof. Sang Jae Kim** and **Dr. K. Karthikeyan**, at Department of Mechanical Engineering, Jeju National University, Jeju, South Korea for sharing their knowledge and guiding me for one year during my stay at Korea. I also extend my sincere thanks to **Indo-Korean Research Internship (IKRI)** program between **Department of Science and Technology (DST) Government of India and Ministry of Education, Science and Technology The National Research Foundation of Korea MEST-NRF (South Korea)** for providing me a chance to access world-class facilities at South Korea.

I would like to acknowledge my friends **Dr. K. Govindan, Miss. Nivea Raghavan, Mr. Raja** and **Mr. Pravin** for giving me a best support and suggestions all the time during my research. Also I extend my sincere thanks to **Prof S. Rajesh,** and **Dr. R. Nandhakumar** at Karunya University for giving me good suggestions and encouragements during my research.

I deeply extend thanks to my **Scholars XI cricket team** and the members who made every holiday as joyful day and fun for last five years. I thoroughly enjoyed my doctoral life in Karunya with this team and each and every moments are unforgettable.

I extend my sincere thanks to the all the friends (in case if I forget to mention any one) for their support and encouragement in accomplishing this research work.

**T.SAKTHIVEL**
