With great pleasure, I express my deep sense of gratitude to my supervisor and Dean, S.E.S. Prof. V. Rajamani, for the valuable guidance and encouragement rendered throughout the course of this dissertation.

I sincerely thank my senior colleagues Drs. Talat Ahamad, Balakrishnan, Sida Sidaiah, Zacbariah and Mr. Manoj Mobanta for the valuable suggestions and discussions I had with them. Dr. Talat Ahamad helped in getting the XRF analysis done from Wadia Institute Of Himalayan Geology, Dehradun. Dr. Zacbariah is thanked for the Pb isotope analysis on a few samples.

I thank Dr. R. H. Sawkar and Dr. K. K. Raju of the Hatti Gold Mines Ltd, for permitting me to collect underground mine samples and special thanks to Mr. Takeersaab, Mines Foreman for accompanying me to various levels inside the mine.

I gratefully acknowledge the co-operation of my Lab mates Jayant, Anupam, Krishna, and Pramod during the laboratory work. Baskar and Meenal are thanked for maintaining a cordial and lively atmosphere in the lab. Raju is thanked for the sample processing. Many thanks are due, to my friend Meloi, for his help during difficult times and for his company during the six years of my stay in the Hostel. I thank all my family members for standing by me in times of crisis, financial or otherwise.

Jayaram Saboo and Amar Singh of University of Roorkee, are thanked for the help during laboratory work at the Department of Earth Sciences, U.O.R, Roorkee.

I also thank my other colleagues in S.E.S, Mr. Abhay, Kaypee, Meenakshi and Venkat for their help during the final stage of this dissertation. Financial assistance in the form of a Research Fellowship from the UGC - CSIR is gratefully acknowledged.

Last, but not the least, I thank everyone who helped me and whose name has not been mentioned here.

(GRITHARAN)
