

ACKNOWLEDGMENT

I consider myself extremely fortunate in being able to do my Doctoral Research under the guidance of an erudite scholar of the eminence and reputation of Professor Dr. (Mrs) Vasantha Ramkumar, Professor and Head of the Department of Education, and Dean, Faculty of Education, University of Kerala. I found her to be a disciplinarian to the core, totally committed to her responsibilities as a guide. Mrs. Ramkumar found the time for me even in the midst of other pressing engagements, and constantly guided me through with deep interest. This inspired me to adopt the appropriate approach to the investigation process, and also to decide on the contents, structure and layout of my thesis. But for this inspiring guidance I would never have been able to do a thesis on **"Effect of Individualized Training Programme on Communication Skills, and Certain Associated Variables in the Mentally Retarded"**, a subject of considerable significance, not attempted by many in the past. I feel deeply indebted to my guide Dr (Mrs) Vasantha Ramkumar.

My husband Shri P R S Pillay, who incidentally, is associated with service in the field of mental retardation, has been a source of encouragement to me in several ways, throughout the period of my research. Shri Sreevalsa Kumar,

Lecturer in Psychology, Bala Vikas Teachers' Training Centre, and Smt S Geetha, Special Educator, rendered valuable assistance to me in my research work. Several Special Teachers had assisted me as well. Shri S H K Reddy, Information and Documentation Officer, National Institute for the Mentally Handicapped (Ministry of welfare) promptly provided me with library, reference materials as and when I needed them. Miss S Sandhya, Office Assistant of the Bala Vikas Institute worked overtime to complete typing of the first drafts of my thesis. I feel happy to express my sincere feelings of gratitude towards every one of them.

(Mrs) RAJAM P R S PILLAY
